

TREATM

ENTER THE C

E N T

A photograph of a dark door, possibly in a hallway or entrance. Above the door is a yellow sign with the letters 'E N T' in black, bold, sans-serif font. The door is dark and has a peephole on the left side, a handle on the right side, and a lock mechanism. The ceiling is a grid of acoustic tiles, and the lighting is dim, creating a somewhat shadowy atmosphere.

BattleTech SNES

You're plagued with the deadliest challenge of the 31st century! Pilot a
 lethal leaden warrior, the Madcat Heavy OmniMech, on savage
 missions against enemy installations. Employ nine devastating
 weapons systems to obliterate the enemy as you battle the ground
 defenses of the Inner Sphere on five different planets. Or, double-team
 a mighty 'Mech using the 2-player Cooperative Mode where one player
 pilots while the other controls the Madcat's weapons systems!

Super Nintendo

MechWarrior 2: The Clans

Join one of six warrior clans and maneuver 100 tons of the most
 sophisticated 31st century weaponry. Choose from over 40 futuristic
 weapons; create potent combinations to destroy the enemy and
 emerge with your 'Mech and reputation intact. Confront opposing clans
 in every conceivable alien environment – from intimidating ice planets
 to deceptive desert terrain. Select from hundreds of missions and 16
 metal-shredding 'Mechs to create your own simulations. Or hook up
 via modem and face the terrifying firepower of a "live" Mechwarrior.

Planetfall

Sci-fi fans should keep their "optical
devices" open for *Planetfall*, the
off-beat comedy sequel to the best-
selling science-fiction text adventure.

This Infocom CD-ROM title will
feature a stellar production of
superbly rendered 3-D worlds and a
cast of fifteen Hollywood actors. With
Steve Meretzky (designer of the
original *Planetfall*) as the major force
behind this product, a refined story
line by *Star Trek: The Next*

Generation screenwriters, and Floyd the charismatic robot as your
quirky guide, this journey will be one you'll never forget!

NEMESIS

Zork Nemesis

The saga of *Zork* continues
with a surreal, romantic
horror story of love and evil.
Explore a twisted new
dimension of the magical
underworld in this powerful
new adventure. *Zork Nemesis*
reaches back into the gothic
lore and sinister mystery of
the original *Zork* series
(which *Return to Zork* only

touched upon). Featuring magnificent new worlds, full-frame video,
real-time gameplay, a digitized soundtrack and a cast of well-known
actors, the power of *Zork* will enrapture you!
Coming soon on IBM, IBM CD-ROM

The Great Game

Currently in top-secret
development is a dramatic
new Infocom series of spy
adventures. Developed in
collaboration with William
Colby, the former director of
the CIA, this cinematic-quality

production will feature the wit and expertise of the world's leading
authorities in espionage. Featuring a Post-Cold War spin on the
intriguing insights of the experts, this thrilling Hollywood-style interac-
tive interpretation will be the most authentic espionage game ever!
