How to travel on a budget. Without budging.

With the PRODIGY service, you can book your own hotels, rental cars and flights—and take advantage of the lowest available fares. You can find special travel deals for members only. You can plan your trip with our 53-city version of the Mobil Travel Guide™. And the PRODIGY service even helps you pack—with Accu-Weather® forecasts for over 300 cities worldwide.

How to manage your money easily...

Whether you invest millions or save pennies, the PRODIGY service makes it easy to make your money work hard.

You can get stock quotes—almost as fast as your broker—with data provided by Dow Jones News/Retrieval. You can place buy and sell orders 18 hours a day—and save on commissions. You can also get advice from experts like Julian Block on taxes, Robert Bruss on real estate, and many more. And when you bank online with the PRODIGY service, you can pay bills without writing checks or licking stamps, and schedule payments in advance. You can see your balances and transfer funds—even when the bank is closed.

... and spend your money wisely.

Hardware, software, giftware, sportswear, fresh flowers, food—the PRODIGY service is where you'll find just about anything you could want. With lots of ways to save. You can get the guaranteed lowest dealer prices on name brand photographic equipment, tableware and more. You can

get discount prices on thousands of software titles, and take advantage of special sales and discounts just for members. There's even info to help you make informed purchase decisions—like Consumer Reports Ratings on hundreds of products.

Get the scores. Even while the games are still in progress.

Using information from SportsTicker, the PRODIGY service gives you the scores for every major sport in season—while games are being played. Between games, stay up on the stats and standings, and enter our contests, that can put sports fans in the winner's circle.

And more. Much more. Much, much more.

The PRODIGY service also includes features that let your kids have fun learning, like an online edition of the 21-volume Academic American Encyclopedia that's updated quarterly (valued at over \$500). Features that enable your family to communicate with members

all across the country, on all kinds of subjects. Features that provide hours of fun like educational games, quizzes, and humor and trivia contests.

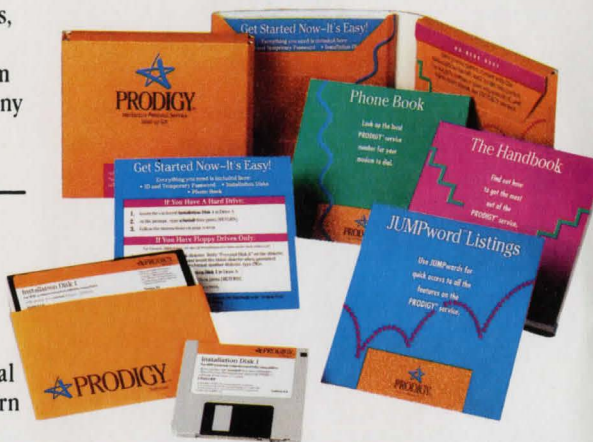

All for just \$12.95 a month.

Unlike other online services, the PRODIGY service doesn't charge you by the minute. You can access the PRODIGY service (over regular phone lines) as often as you like, for as long as you like. The cost is just \$12.95 a month, plus tax. And that's for up to 6 members of your family!
