FINAL FANTASY VII

RPG

The evil and powerful company, Shinra Inc., has found a way to mine life energy, draining it from the planet to control the universe. As Cloud, an ex-soldier of Shinra, you will team up with a resistance organization known as AVALANCHE to put an end to Shinra's destructive ways. It's an epic story of friendship, love, and the battle between good and evil.

KEY FEATURES:

- "Real-time", turned-based battle systems.
- Explore massive, beautifully rendered, high-quality computer generated locations in this epic adventure across 3 CD-ROMs.
- 9 playable characters.
- Navigate through the enormous Final Fantasy VII world on vehicles such as a submarine and a futuristic aircraft, or a friendly Chocobo.
- Seven mini-games and several sub-quests.

REVENANT™

RPG

KEY FEATURES:

- Featuring 20 characters, each with over five weapon types and their own fully-animated style.
- Unparalleled intensity and realistic combat with motion captured animations.
- 65,000-color graphics, animated 3D characters, true light sourcing and coloring-in Direct 3D.
- All original music created exclusively for Revenant by the European band, Xymox.

Revenant is the new Dark Fantasy RPG and Adventure title that immerses gamers into a whole new visually stunning and challenging environment. Explore shadowy catacombs or the heart of a frozen volcano, collect magic objects and cast potent spells as you battle over 16 monsters – from dragons to wraiths.

DOMINION: STORM OVER GIFT 3™ Strategy

For years, games have been promising "real-time strategy". Finally, *Dominion: Storm Over Gift 3* delivers. With 30+ frames per second in all four resolutions, and the most sophisticated AI ever, *Dominion* is REAL real-time for quick play. You'll need this speed to defeat your enemies as they build bases and perform feint and cooperative group attacks. *Dominion* is the real-time strategy game that lives up to its name.

KEY FEATURES:

- 4 races, each with distinctive strengths and weaknesses.
- 8-player multiplayer, with deathmatching and cooperative modes.
- Most sophisticated AI ever in a real-time strategy game.
- 95,000 frames of animation flash before your eyes in blinding speed (30+ frames per second in all 4 resolutions).

PLAGUE™

Strategy

As the overlord of a fledgling medieval town, your goal is to be crowned High King. This will require a shrewd balance between diplomacy, commerce, and bloody war against a background of random events such as famine, flood, and of course, plague.

KEY FEATURES:

- Action-packed land and sea battles – take direct control of your forces or delegate to commanders.
- Watch arrows fly overhead, or march with the troops with fully-rendered 3D landscapes and no fixed cameras.
- Over 30 levels covering an entire continent – from northern tundra to desert south – and including sea and island scenarios for ship battles.

FLIGHT UNLIMITED II™

Flight Simulation

Take control as "Pilot-in-Command" and cruise across popular flying venues to one of more than 45 different airports. Learn how it feels to communicate with air traffic control and pilot a plane with the most accurate flight modeling possible.

KEY FEATURES:

- Fly a wide range of airplanes, including a single-engine Cessna 172, a Piper Arrow, a multi-engine Beech Baron, the Beaver seaplane, and the infamous P-51D Mustang.
- Navigate under Visual Flight Rules using landmarks, roads, rivers, lakes, and 3D ground objects or try to fly using your instrument panel.
- Practice landings, approaches, and general aviation procedures with revolutionary Air Traffic Control System™ in real time!
- Every building over 10 stories is modeled using the revolutionary ZOAR™ rendering engine for visually accurate detail.

JOINT STRIKE FIGHTER

Flight Simulation

Be the first to fly the prototypes for the Pentagon's new multi-role jet fighter, using the latest in weapon and stealth technology. Eidos brings you this top secret technology in the fastest, most advanced flight simulation to date.

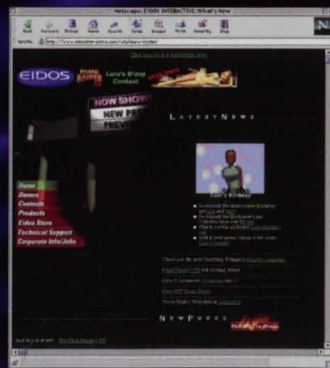

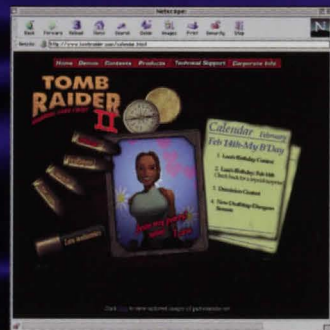

KEY FEATURES:

- The first and only game to feature the two prototypes for the Pentagon's new Joint Strike Fighter.
- Four massive and dynamic campaigns packed with ground targets, and surface-to-air installations.
- 10 million square miles of modeled map data – the largest and most realistic terrain ever seen in a simulator.
- Advanced graphics engine provides totally immersive 3D environment in 16 bit color with no pixelation – without sacrificing frame rate.
