WING COMMANDER ACADEMY \$49.95

As a student at the TCSN Academy, you custom-design and fly unique combat, rescue, and search and retrieval missions from the CyberSchool's holographic simulator. In the design phase, you can choose to protect capital ships, navigate asteroid and mine fields, retrieve ejected pilots and data capsules or fly missions against a wide variety of enemy fighters. *Wing Commander Academy* features a dynamic musical score, improved graphics rendering, a dazzling array of customizing options and heart-stopping dogfight challenges. MS-DOS 386SX+, 2MB Ram.

SHADOWCASTER \$69.95

The furious pace never falters in *Shadowcaster*, the unique smooth-scrolling, point-of-view action/adventure from ORIGIN. You'll fly, swim and run through indoor and outdoor environments including dungeons, caverns, castles, mines, volcanoes and underwater caves. And when being human is simply not good enough, incredible morphing technology transforms you into otherworldly creatures. Through a variety of metaforms, from fire monster to six-legged cat, you'll use your natural strengths and weapons while guarding weaknesses. Straightforward play mechanics allow you to master the basics quickly and concentrate on the combat and visual puzzles that keep things moving at breakneck speed. MS-DOS 386DX/33+, 4MB Ram.

Maps, creature statistics, walkthroughs and detailed notes are all to be found in the *Shadowcaster Clue Book: Illuminations***14.95**

NEW!

STRIKE COMMANDER: TACTICAL OPERATIONS \$29.95

Six months into a well-earned break, you've purchased new planes and repaired your base. But then... the Turkish government decides to take a bigger bite from the Istanbul mercenary squadrons. You could be paying as much as 20% more in taxes. Times are uncertain, and although competition is getting scarce, missions are growing scarcer as fixers drift away in search of better markets. *Tactical Operations*, an add-on mission disk that requires *Strike Commander* to play, includes General MIDI support and digital sound effects for both itself and *Strike Commander*. MS-DOS 486+, 4MB Ram, +5MB hard drive.

STRIKE COMMANDER CD-ROM \$79.95

Stern's Wildcats are yours to command as they fly high and straight in a world full of intrigue and fiery death. You'll get all the heart-stopping dogfights, top-secret missions and cinematic glory from *Strike Commander*, and more. This CD version includes the *Speech Pack* and *Tactical Operations*—after playing *Strike Commander*, you can take on new assignments and challenges as *Tactical Operations* pits your skills against a world on the move, one that's moving against you. It's been estimated that more than 30 man-years went into the creation of *Strike Commander* to bring you a flight simulation experience that will leave you breathless—now with new and improved digitized speech and General MIDI capabilities, we're flying higher than the F-16s. MS-DOS 486+, 4MB Ram, 3MB hard disk.

PACIFIC STRIKE \$79.95

Pacific Strike is the WWII flight simulator that plunges you into the war in the Pacific. The plot begins with the Japanese attack on Pearl Harbor and leads you through the intricate battles of the Pacific Theater. Only here, you have the chance to rewrite history. Fight well, and you could end up shortening the war, or you might drag it out to a long and dismal end. MS-DOS 486+, 4MB of Ram.

Get advice from seasoned veterans! Our testers have clocked hundreds of hours of "flight time" and divulge all they know in the *Pacific Strike Playtesters' Guide*.....\$14.95

Complete the experience with an utterly realistic tapestry of speech and sound through the *Pacific Strike Speech Pack*.....\$24.95

NEW!

THE SILVER SEED \$29.95

As the Avatar, you must use the Amulet of Balance to unlock a way to the Silver Seed. Investigate the mysterious Dark Path and Serpent Gates while enigmatic Dark Monks hound your steps. *The Silver Seed* will prolong your adventures in *Serpent Isle* by allowing you to travel into its past at will, and discover items that will be of great use in the battles between good and evil in *Ultima VII, Part Two*. Not a stand-alone game; it requires *Serpent Isle* to play. MS-DOS 386+, 2MB Ram, +4MB hard drive.

ULTIMA VIII: PAGAN \$79.95

The evil Guardian, tired of your interference in his plans to conquer Britannia, has transported you, the Avatar™, to a world already under his dominion. With his main adversary out of the way, Britannia is imperiled—and if she falls, your own Earth is next! Without friends or allies, in an alien and hostile dimension, you must gather enough power to face and defeat the elemental Titans. Beware, however, the subtle temptations and pitfalls of self-interest. MS-DOS 386DX/33+, 4MB Ram.

Dimensions away from your loyal comrades, where can you turn for trustworthy advice? A wealth of information, including maps, stats, and walkthroughs, can be had in the *Pagan Clue Book*.....\$14.95

Don't miss it! The spectacular voices of characters and monsters roar to life with the *Ultima VIII Speech Pack*.....\$24.95

INTERACTIVE MOVIE I \$79.95

You've been kidnapped, brain-wiped, altered to possess phenomenal physical abilities, and marooned in a strange, hostile realm. You have to escape, while learning who you are and discovering what has been done to you and why. Multiple camera angles show your own 3-D actor from all perspectives. The amazingly shaded and fully textured 3-D figures and environment, fully digitized sound effects, the quality of character movement and the intricate detail are so dazzling they might make you forget to watch your back... *but don't!* MS-DOS 386DX/33+, 4MB Ram.
