Go on a *RAMPAGE*.

This one includes all the features of the original arcade hit. Up to 3 players can punch it out at once with any of three mischievous monsters to control.

You'll find 132 different cities to turn to total trash. With landscapes you can lunch on: tanks, trolleys, highrises, helicopters and lots of tasty civilians. TD-177T2

THE LAST NINJA
Brotherhood. Survival. Revenge.

The evil Shogun Kunitoki has slaughtered the entire Brotherhood of the White Ninja. You alone survive. And you—alone—must avenge the Brotherhood.

Find your way to Kunitoki's distant fortress. Scale mountains. Cross raging rivers. From the vivid Wilderness to the grim Dungeons, six animated landscapes will take your breath away—if you live to see them.

Because at every turn, there's danger. To wreak your vengeance, you must be a master of Ninja weapons. Ninja wisdom. And Ninja magic.

The way is long and dangerous. But revenge is sweet. TD-157.

SHANGHAI
The Most Addictive Computer Game Ever Created.

Mah Jongg—the 3000-year old Chinese obsession of sailors, warriors, scoundrels and kings. Brought to America in the 1920s, it lured innocent players to addiction and was banned in Philadelphia. Now the best of this game returns in *Shanghai*.

Stacked in the shape of a formidable dragon, the ancient tiles stand ready for battle. And you'll need dead-on strategy to win.

You'll play it. And replay it. But you'll never get over the driving urge to play it again. Because quitting is the hardest part. TD-138

GFL CHAMPIONSHIP FOOTBALL
Experience the Gridiron as You've Never Seen it Before.

This is the computer football program that throws all previous football programs for a loss. That's because it brings a totally new perspective to the sport.

No longer are you up in the stands watching "the fleas on the left play the fleas on the right"—you're actually on the field, taking the hits and making the plays. So don't settle for anything less than real football. *GFL Championship Football* gives you 60 minutes of hard-hitting action no one else can match. TD-511

Item # AX-LECG \$39.95

STAR RANK BOXING II
It Pulls Out All the Punches.

You've got to have "pop" in your punches. As well as finesse, lightning-fast reflexes and overall toughness—mental and physical. Because there are no pushovers in the Star Ranks.

For starters, you can create each fighter with three divisions and up to 5 fighters in each class.

Plus, you get 1- and 2- player action, so you can take on a friend or take your shot at the title against computer boxers.

Star Rank Boxing II. It's not always pretty. But it's an art—the art of boxing. TD-513

Item # AX-LECI \$29.95

SHERLOCK:
The Riddle of the
Crown Jewels.

The indomitable sleuth Sherlock Holmes returns in this interactive fiction tale, and you play his trusted cohort, Dr. Watson.

Richly detailed in the classic Holmes tradition, *Sherlock* also offers the intrigue and delight of riddles written in verse. On-screen hints provide direction when seemingly all avenues are exhausted.

Save the British government from disgrace as you outwit the dastardly Professor Moriarty in *Sherlock*. TD-CS1

Item # AX-1317 \$39.95

BORDER ZONE
Real Time—
Real Challenge.

Border Zone is a high-intensity interactive fiction. Your terrain in this thriller is both sides of the Iron Curtain, which you traverse in 3 chapters, each as a different character with different motives.

But in all chapters your real enemy is time. The on-screen clock continues to tick, so there's little time to mull over your options. You must think and act fast—or pay the consequences.

There is some relief with the on-screen hints. However, your only true ace-in-the-hole is your wits. TD-IE1
