## SCOTT ADAMS ADVENTURES AN OVERVIEW

By definition, an adventure is a dangerous or risky undertaking, a novel, exciting, or otherwise remarkable event or experience. On your personal computer, adventure is that and more.

Playing any of the Adventure series consists of three elements: you, the user; the games themselves; and the author, Scott Adams of Orlando, Florida.

If you're tired of video games, of bouncing balls or shooting targets; if you're ready for an intellectual challenge that transports you to new worlds of experience; if you want to see what a skilled programmer can do with a micro, invest in one of Scott Adams' games. An early Adventure (Adventureland or Pirate Adventure) is a good place to start because the more Adams creates, the tougher his puzzles get.

1. **ADVENTURELAND** – Wander through an enchanted realm and try to uncover the 13 lost treasures. There are wild animals and magical beings to reckon with as well as many other perils and mysteries. This is the Adams Classic that started it all!

Difficulty Level: Moderate.

2. **PIRATE ADVENTURE** – Only by exploring this strange island will you be able to uncover the clues necessary to lead you to your elusive goal – recovering the lost treasures of Long John Silver.

Difficulty Level: Beginner.

3. **SECRET MISSION** – In this exciting Adventure, time is of the essence as you race the clock to complete your mission in time or else the world's first automated nuclear reactor is doomed! If you survive this challenging mission, consider yourself a true Adventurer!

Difficulty Level: Advanced.

4. **VOODOO CASTLE** – The Count has fallen victim to a fiendish curse placed on him by his enemies. There he lies, with you his only possible hope. Will you pull off a rescue, or is he really down for the count?!

Difficulty Level: Moderate.
