• TWO ADVENTURE GAMES

ASSEMBLAGE

ASSEMBLAGE is, as the title suggests, a compilation of four stunning Artic games never released before.

On side 1 there are two ARCADE titles:

HARRY HARE'S LAIR

MUTANT MONTY & THE TEMPLE OF DOOM

and if that is not enough, side 2 has two ADVENTURE titles:

ROBIN HOOD

CURSE OF THE SEVEN FACES

Details of each game appear below:—

HARRY HARE'S LAIR

If you are fed up of being 'Zapped' and discovering new planets, then this is the game for you. Harry the hare is at his happiest when eating his favourite food — carrots, but his obsession may lead Harry into trouble. Farmer Giles, the local farmer, is concerned about the regular disappearances in his carrot patch, and is searching for a way to stop Harry's carrot antics.

Harry moves underground, stealing carrots and taking them back to his lair, but beware — there are Mice, Rats, Spiders and Worms out to get him.

A 24 carat game!

MUTANT MONTY & THE TEMPLE OF DOOM

Entrepreneur Monty is back in his next adventure, in the Temple of Doom.

A multi-screen game taking in many varied locations. Can the gold be got before venturing on; or will Monty be no more?

You must manoeuvre Monty in this nail-biting game.

Also you can use KEMPSTON, SINCLAIR or CURSOR JOYSTICKS.

CURSE OF THE SEVEN FACES

The first of the two Adventures on the ASSEMBLAGE is the eerie-sounding 'CURSE OF THE SEVEN FACES'.

In this Adventure you must find and destroy the evil Wizard. This can only be done by becoming his equal. To do this you must find objects and use them against him. Beware, this game is not easy, the Curse of the Seven Faces is looming!

You command the computer with VERB NOUN Phrases, if the computer doesn't understand, try re-phrasing the command.

ROBIN HOOD

The second of the two Adventures on the ASSEMBLAGE is the graphic Adventure — ROBIN HOOD.

This Adventure features the old folk hero ROBIN HOOD, MAID MARION and the evil SHERIFF. You must go into the Sheriff's castle, rescue Marion and kill the evil Sheriff.

Excellent graphics assist you in this adventure from old London, Nottingham County.

Go forth, rob the rich and give to the poor, or will the Sheriff have the last word?
