**ULTRAPLAN™**  
Introducing a new member of the Datagsoft home management team: ULTRAPLAN™... the combination spreadsheet planning tool and plotting/graphics utility that can be used separately or together as a powerfully integrated management system.

## TELE-TALK™

Allows the user to send and receive any type of data from and to large and small computers. Links you to CompuServe, the Source and Micro-net. Special features include on-line editing, cash clock, stopwatch, multi-tasking and many more features that make it easy as well as fun to use.

**MERIDIAN III™** Datasoft has put incredibly three-dimensional images moving in real time on your home computer. Explore multiple scenarios such as The City, Hyper-space and Encounter with The Unknown. Watch objects move closer to you then farther away, then pass by on either side. You will be in awe of the simulated effects.

**MANCOPTER™** The key to getting a leg up on your competition is by legging it out. In this graphic masterpiece of sound, animation and endurance, you'll pedal your craft through intricate playfields while keeping a safe altitude from enemy fire. In this game, the power of nuclear arms means nothing compared to the power of your legs.

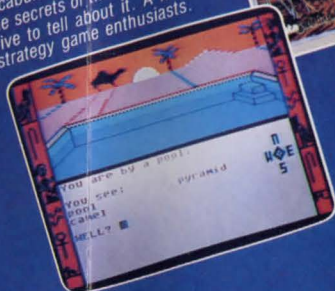

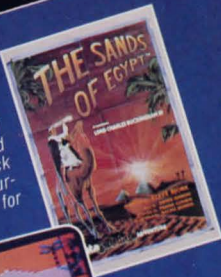

**JUNO FIRST™** Not only are you the ultimate defender of our galaxy, but you must defend yourself against deadly alien explosions. Move your hand to the warp trigger, and you'll be hurled through a kaleidoscope of color and frontation. Eight-way joystick and super sound make this one the last word in high excitement.

**NIBBLER™** sensational arcade Rock-Ola's® sensational arcade game puts you in a glowing neon land where, out of control, you devour everything in sight. Sliding around corners and blockades you race against time at ever increasing speeds. As time grows shorter, your body grows longer. Collide with your tail and it's certain death.

**SANDS OF EGYPT™** It's no mirage. This split screen animated classic describes the mysteries of the desert while painting hi resolution pictures of each move. As commander of your fate and a 100-word vocabulary, you've got to unlock the secrets of the sand and survive to tell about it. A must for strategy game enthusiasts.

**MOON SHUTTLE®** Another exceptional arcade game from Nichibutsu that explodes with man-o-wars, meteors, launchers and expandos. This one will test the outer limits of your inner strength as a fighter pilot. And when you finally succeed and meet the Prince of Darkness, you'll find out what you're really made of.

**O'RILEY'S MINE™** As an Irishman with a short temper for adventure you've got a tip that leads you to a mine full of treasures. Gold, rubies, diamonds, even coal and oil. You'll need the luck of the Irish to escape the unearthly creatures protecting the plunder. But with so much at stake, it's a chance you'll take, with trepidation.

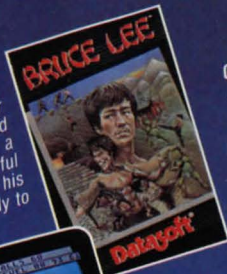

**POOYAN®** One of the biggest arcade games from Konami, this game throws you into a wolves den of danger. You must defend your family of cute little pigs by shooting down the wolves as they circle above the valley holding onto hot air balloons. Miss the mark and they will renew their attack in even more cunning ways.

# EDUCATION

## HEATHCLIFF®

What can children learn from a famous feline? Well, when he's as witty as Heathcliff, quite a lot. Seven different levels of difficulty provide essential reading and spelling practice within a colorful environment of fun and excitement. A Heathcliff storybook is included to enhance the enjoyment of learning.

## GUMBY®

Generations of children have adored the antics of Gumby and Pokey on television. Now introduce your child to these very special characters on your home computer as they teach important educational skills: concentration, memorization and recognition. Gumby will help kids memorize and repeat sequences of pictures and to identify patterns of musical tones.

## HECKLE AND JECKLE®

These two merry magpies have been fixtures on the landscape of America's cartoon culture for over 30 years. And now thanks to Datasoft, they are landing on home computers, everywhere. Humorous, colorful and zany, they will hold your child's attention while important educational concepts are introduced and practiced.
