THE LEGEND OF SKARA BRAE

Three times before  
Did evil's lords  
Descend on Skara Brae

And thrice did rise  
Brave heroes, wise  
To drive them all away

Now comes a fourth  
To shackle the north  
And enslave the world of men

Thus heroes bold  
As in songs of old  
Must take up sword again

In dungeons vast  
Do these evils past  
Their ancient secrets keep

So down we go  
To face the foes  
That lurk in Barrows Deep

# "It's Been A Long Time. You Were Missed..."

Over one hundred years later, the terrible events of Skara Brae's violent destruction are nearly forgotten. Amidst the ruins below, an evil has waited patiently. Until now. Fanatics are gathering control, the famous Adventurers Guild has been outlawed, and you must rise up in defiance to become the hero that the realm needs.

The heroes of yesteryear are long gone. They live on now in the heavens above and in legends whispered in taverns. A new generation, led by you, must follow their example and travel across Caith to set things right. The answers you seek, the treasure you crave, and the enemies you must vanquish await you in the darkest corners of the realm.
