PLAY with us

Electronic Arts™ — one of the most popular publishers of entertainment software in the world — offers a playground of adventures in speed and space, combat and corruption. And now, for the first time, EA hosts **Sid Meier**, the master of computer strategy, and his new studio **Firaxis**.

ORIGIN Systems™ is where cutting-edge technology and fully realized science-fiction and fantasy backgrounds combine to make legends.

Jane's® Combat Simulations, created in cooperation with the world's most respected authority on military hardware, has forever raised the standard for realistic military sims.

Bullfrog™, originator of the "god-game" genre, is the UK studio known for its combination of quirky humor and audacious game design.

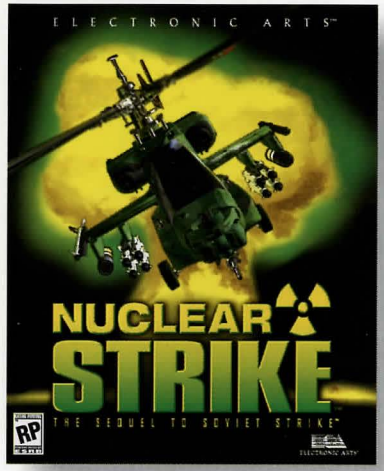
NUCLEAR STRIKE™



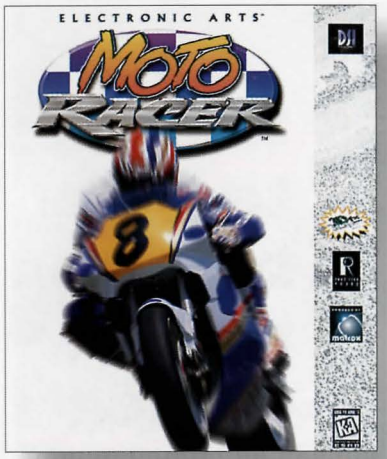
Stop the war before it goes nuclear!

The stakes are higher as you must stop a major nuclear threat in EA's sequel to **Soviet Strike™**. It's a race against time as you face nuclear terrorism that could trigger WWIII. With multiple new vehicles to control, richer AI, improved pyros, more dynamic missions, enhanced 3-D terrain and faster, smoother gameplay, this is the ultimate **STRIKE** experience.

- Control 12 NEW vehicles including Harriers, Cobras, tanks and hovercraft
- New dynamic pyros send your enemies flying with more intense explosions and flaming debris
- Smarter battlefields — enemies and friendlies react to your behavior and follow your commands
- Faster gameplay and new FX — lighting, terrain craters and shockwaves

Available On Windows 95 CD

MOTO RACER™



Bikes that eat dirt

Moto Racer delivers arcade-style motorcycle racing in an ultra-fast, ultra-detailed 3-D environment. Lean your superbike into corners at blurring speed. Powerslide your motocross bike through the dirt and get massive air off the jumps. Race through 8 unique landscapes — from the base of a canyon to the top of the Great Wall.

- Two bike types: Superbikes and Motocross
- Killer 3-D graphics with Direct 3D™ support, on advanced 3-D accelerator cards
- Three racing modes: Time Attack, Single Race and Championship Circuit
- Awesome multiplayer support: 8 players via Internet or network
- Eight intense tracks
