

# CLASSIC BEST-SELLERS FOR IBM

At the remarkable price of only \$14.95 each!

## Archon

The classic game of chess-like strategy and arcade-style action. It's like chess with wizards and dragons for pieces, except when one piece lands on another's square they have to fight a fast action battle for control of the square. "Game Of The Year" — Creative Computing. Winner of more than 5 program-of-the-year awards for excellence.

## Music Construction Set

The best-selling home music software product of all time. An easy, powerful music composer. Pick a note, whole note through 32nd, place it on the staff, and hear it play. Great music built in. Play it. Change it. A great way to learn about music. A great way to have fun with what you already know. "Best Music Generator" — Infoworld.

## Dr. J and Larry Bird Go One-On-One

The #1 sports simulation of all time, where you take on the skills of the Bird or the Doctor. All their moves, shooting abilities, strength, stamina, and speed are at your command. Slam dunks, turnaround jumpers, tip-ins, drives, layups, 3-point shots, rebounds, foul shots and blocks. Incredible attention to detail with instant replays, fatigue factors, hot and cold streaks, shattering backboards, and even a referee to keep the game clean.

## Pinball Construction Set

The ultimate pinball simulation, where you design the pinball game of your dreams. You control the bumpers, the flippers, the balls, the scoring, even the design of the backglass art on your electronic pinball game. Comes with 5 built-in games. Over 10 awards, including "Best Game Generator" — Infoworld.

## Seven Cities Of Gold

An unusually rich historical roleplaying simulation of the Age of the Conquistadors. Learn history and geography as you explore and conquer the New World. Face the problems of Cortez and Columbus — navigation, mutiny, food supply, disease, and friendly or warlike natives. Your decisions will determine your fate — a Viceroy title and untold riches, or a lonely death far from home. When you master the Historical world, the PC will generate unlimited random continents for you to explore. "Best Role-Playing Adventure" — Family Computing.
