

Play games with a dragon,
detective, corporate VP and
over 1.5 million competitors.

Dragons and wizards and demons — MadMaze™ is a game for the bravest and cleverest adventurers. You make your way through a maze of shifting shapes and madness to reach the center and the object of your quest.

Challenge your mind and play GUTS®, an exciting multi-player trivia game. A new contest every 7 weeks, 7 minutes, 7 questions a week. The questions get tougher with each correct answer. Miss one, your score drops to zero and you're out for the week...but there's always next week.

Loosen your power tie, roll up your sleeves, put your calls on hold and play CEO. This multi-player business simulation game tests your business savvy as you run your own corporation. There are even online tournaments that you can join.

Play on the PRODIGY service. It's fun and games and a whole lot more. And Membership is a low \$12.95* a month.

If you love computer games, you'll love the PRODIGY service. It's the one computer service that connects you with over 1.5 million new friends. And offers a variety of exciting games with regular additions to keep you challenged.

All you need is a home computer, a modem, a regular phone line and a zest for fun.

PRODIGY challenges you.

Winning on the PRODIGY service is a true test of your skill. Because not only can you pit yourself against a computer, or even a handful of opponents. With PRODIGY, you can compete with over 1.5 million Members.

For instance, you can take the ultimate trivia challenge, GUTS®. It's one of the largest multi-player games around. Or hone your business savvy as you climb to the top playing CEO (developed with Reality Technologies).

You can also share the fun on our Bulletin Boards. Talk to other PRODIGY Service Members who love computer and video games, learn success strategies, get the scoop on new releases.

Or you can send messages to other gamers with PRODIGY personal messaging. Sending 30 personal messages per month is included with your \$12.95 monthly Membership fee†.

* Prices guaranteed through 9/1/92, subject to change thereafter without notice. Usage limits may apply to certain features. Current pricing is available on the service prior to enrollment or call the 800 number on the Order Card.

PRODIGY gives you inside information.

Check online articles from Computer Gaming World for strategy guides, authoritative reviews of new game software, inside information and more. There are three new articles every week. And you can even communicate online with the experts at Computer Gaming World through our Computer Club Bulletin Board.

And The Software Connexion puts you in touch with some of the biggest software publishers for technical assistance and product information.

PRODIGY keeps games fresh.

With most game software, you play the same game over and over. Once you know how the computer-controlled opponents play, it isn't a challenge anymore. But on the PRODIGY service, some games give you new challenges each week.

Twisted Tales, for example, gives you new ways every week to be funny just by picking random words that the computer plugs into key places in a story. And the award-winning "Where in the World is Carmen Sandiego?" lets you track a different villain across the world each week.

But the PRODIGY service is much more than just games — see the back for more!

Visit exotic lands as you and your children track villains worldwide. It's the award-winning "Where in the World is Carmen Sandiego?" New adventures each week mean new chances to learn about the world's most exciting destinations.

Save time, save money and aggravation. Get the answers you need, technical support and product info directly from the biggest publishers. Online with The Software Connexion.

What's under box #1? Does it match with box #7? Find out by playing Match-It, our interactive game that challenges your memory and pushes it to the limit. You can choose the level of difficulty you want.

If you like Hangman, you'll love FITB (Fill In The Blanks). This high-tech version of the old favorite offers hours of fun for the whole family. What's more, it helps children learn to spell, and have fun while learning.

After playing games, PRODIGY gives you other ways to have more fun — and get more done.

You can find the perfect comedy or drama to rent with our 13,000-title Movie Guide... or find out the latest sports scores, even as games are being played. Look up anything in the easy-to-use online encyclopedia; quarterly updates keep it current... or plan an exciting vacation (and book your flights at the lowest available airfares). On the serious side, you can get stock, bond and mutual fund prices throughout the day... use your computer to pay bills from your existing checking account**... and share information about sports, finance, the arts, travel, computers and more on our online Bulletin Boards.

In short, there are countless ways the PRODIGY service can entertain you, keep you informed and even help your children have fun while learning.

See for yourself how PRODIGY can add fun and adventure to your life. Accept this trial Membership offer today by calling 1 800 776-0836, ext. 128. Or use the attached Order Card.
