ADVENTURE

Forsooth, Sir Knight, the call has gone out among among the bravest of the residents of the kingdom. You have been chosen from among those to attempt to rescue the princess from the most foul SMAEGOR, her kidnapper.

This ADVENTURE is a phrase recognizing in which you control the movement and action of a computerized puppet.

Through the puppet's senses, you gather the information needed to solve the ADVENTURE's puzzle.

On the MOD I the computer recognizes SHIFT N, S, E, W, U, D, as directions as well as SHIFT I for Inventory. ROW, GO, BREAK, GET, READ, DIG, CLIMB, EAT, RUB and many more words are within its vocabulary. SHIFT commands do not work on the MOD III.

TWO WORD COMMANDS (GET SWORD, DROP SWORD) get the best results.

If the solution to the puzzle eludes you, don't give up. Put the game aside (SAVE GAME) and come back to it. The answers are there for the finding.
