Dear Customer

It is Mailing List Clean up time again! At the same time as cleaning the list we are changing our Tandy Catalogue format.

THE NEW CATALOGUES

From now on our catalogue can be supplied in two forms. The Main Catalogue - which is about 200 pages - will cost £5.00 plus £1.00 postage. We realise that not everyone will need this, so such customers may order the Short Form Catalogue at no charge. This lists all of our programs but has only a single line description of each program and does not contain the Notices, Comments, Hints and Tips etc. which are in the Main Catalogue.

WHAT SHOULD YOU DO?

1. If you do not need our mailouts anymore then do nothing. At the end of March you will be taken off our mailing list.
2. If you have our catalogue and wish to remain on our list either: tell us so by (preferably!) ordering - see the SPECIAL on the back - OR send us a letter enclosing the label off this envelope OR send this envelope back suitably noted.
3. If you wish to stay with us and want a catalogue, send a letter with the appropriate instructions (and cheque if you want the Main Catalogue).

Yours sincerely

A J Harding

*what about
short form
catalogue*

*Is there, also, an IBM software catalogue
If so, does it refer to any
specific Tandy
IBM compatibles?*
