

Two More Adventures at Fantastic Savings!

Get TRINITY® for Only \$14.95!

"TRINITY mixes logic and magic with history and fiction. Often poetic in its imagery, the evocative prose is as entertaining to read as the puzzles are to solve."

This review from Family Computing mirrors the enthusiastic response to TRINITY, Brian Moriarty's second work of interactive fiction. An epic odyssey across the borders of reality, TRINITY takes you back to the dawn of the atomic age... and puts the course of history in your hands.

TRINITY begins on the last day of your \$599 London vacation. Unfortunately, it's also the first day of World War III. Only seconds remain before an H-bomb vaporizes the city,

and you with it. Your only escape is to a secret universe, a plane between fantasy and reality, where every atomic explosion is mysteriously connected. You'll crisscross time and space as you explore this fascinating universe, learning to control its phenomenal power.

To order TRINITY for the special mail order price of only \$14.95, simply fill out the coupon on the reverse side. We'll send you the complete original package, including the game disk, a map of the Trinity site, The Illustrated History of the Atom Bomb, and an intricately-decorated sundial. After October 31, 1990, call 1-800-262-6868 for availability information.
