NEEDS YOU!

# MASTERTRONIC NEEDS YOU!

- Q. Are you a talented machine code programmer?
- Q. Could you write a program at least as good or better than the program you have just purchased?
- Q. Have you already written such a program?
- Q. Would you be interested in having your program distributed 'WORLDWIDE' by one of the leading publishers of entertainment software.

If you can answer yes to the above questions why not forward a sample on disc of your program to our corporate headquarters in the USA where a preliminary evaluation will take place.

If the reviewers consider that it warrants a closer look, it will be sent to our head of programming in London England, where a detailed analysis of your abilities will take place. In many instances at that point an offer to you for 'world publication' rights might follow.

NB. In order to speed all processes please make the following checks!

- I) Have you included all instructions needed to play or operate your program?
- II) Have you included with your disc your  
Name.  
Contact Address.  
Telephone No.  
Age.
- III) If you require your program to be returned please enclose a pre-stamped envelope with your return address.

Mastertronic International Inc. warrants a total non disclosure of your program unless a prior agreement in writing is reached between ourselves.

Programs of interest include:-

Productivity programs of all types including utilities.

Arcade games of a high quality.

Adventure games and strategy games.
