ALIEN SPACESHIP ADVENTURE

Loading: Type in LOAD "AL.SHIP"

Playing: While on a routine flight, your space ship is drawn in by a GRAVITON BEAM. You find yourself inside an enemy cruiser. Your ANDROID informs you, that this cruiser is on a humanoid slave seeking mission. Your aim is to free your ship from the cruiser's controls by reaching their main computer room and pressing the control button. You may load and save a game at any point of play. To save a game, you QUIT. The computer asks you if you want to save this game. A yes response, Y, brings READY CASSETTE to the screen. Start your tape on the record made and type any key. It takes 2 seconds to save the game. To play a previously stored game, you are asked if you want to when you run the regular program. If you answer Y you are asked to ready cassette. Cue up your tape, press play on your recorder and hit any key. The game will continue from where you left it.
