CASTLE ADVENTURE

In this dungeons and dragons adventure a castle waits to be explored with its ground floor and balcony level. You must find the magic sword to kill the dragon and the giant cobra. Evil magic waits at every turn as you try to climb the energy crystals and escape the castle. In your search for the exit you must defeat sword swinging dwarfs as well as goblins and a giant spider. The Castle adventure is a new experience in computer games. Get this one for your collection.
