A thrilling Fighting Fantasy adventure game

COMMODORE 64
NOVA LOAD

The Citadel of Chaos holds a dark and dangerous peril for anyone foolhardy enough to venture through its awesome gates. And yet venture you must, for your mission lies at the heart of the Citadel, with the dread sorcerer, Balthus Dire.

You are armed only with a sword and have a backpack containing enough food for nine meals.

You will begin your adventure by giving your character a name and determining your Skill, Stamina, Luck and Magic scores.
