

COLDITZ

48K ZX Spectrum

LOADING INSTRUCTIONS

1. Prepare the cassette recorder according to the instructions in the Sinclair handbook.
2. Type the command:-
LOAD "COLDITZ"
(capital letters), then press ENTER.
3. After approximately one minute, you will receive some further instructions on the television screen. If, after 3 minutes, nothing has happened, refer to the Sinclair handbook for cassette setting-up procedures. You should rewind the tape and repeat step 2.
4. When the program has successfully loaded, all further instructions and rules will be given on the screen.

* *This cassette requires 48K Spectrum.

* *All programs written by Tony Barber.

* *Side B is a duplicate of side A.

All material on this cassette is subject to copyright. The cassette is sold subject to the condition that it shall not by way of trade be lent or hired out and that a similar condition be imposed on any subsequent purchaser.

PA012

A full war-time escape Adventure using the famous Phipps split-screen graphics and scrolling text window technique. As a prisoner of the Germans, you must make your escape through the network of tunnels, rooms and chambers. The slightest wrong move will alert the guards, so you must be careful to use all the objects you find with extreme caution. Remember – only a handful of brave men escaped during the war! Machine coded to give fast responses to your commands.
