LOADING INSTRUCTIONS

1. Make note of memory requirements for the program.

2. Basic

Disk: Install Basic Cartridge with sufficient RAM memory. Disk will auto-boot.

Cassette: Install Basic Cartridge with sufficient RAM Memory.

Check to see if tape is rewound and advance to end of leader.

Press play button on Cassette Deck, type CLOAD and press Return.

Tapes will auto-load and Run when Syncro, Inc. Logo appears.

Music should start to play while main program is loading. If an error 143 appears during loading, be sure tape head is cleaned as some tapes will leave a residue and make loading inconsistent.

Rewind and try again. If program continues to error, try the reverse side. A complete version of the program is on both sides of the tape.

Tapes are load tested on at least one side prior to packaging.

3. Machine Language

Disk: Remove Basic cartridge, put Disk in Disk Drive, turn computer on and Disk will auto-boot.

Cassette: Remove Basic cartridge.

Follow procedures as previously noted, except when loading program hold START button down while turning on the computer.

NOTE: Don't forget to disengage tape deck when program is loaded.
