WELCOME TO DRAGON

Dragon Data Limited welcome you to your new software for your Dragon computer. We hope that you enjoy using it as much as we enjoyed producing it for you.

Look out for new titles in the Dragon software range.

LICENCE

Dragon Mountain, in all machine readable formats and the written documentation accompanying them, are copyrighted. The purchase of Dragon Mountain conveys to the purchaser a licence to use Dragon Mountain for his/her own use and not for sale or free distribution to others. No other licence, expressed or implied, is granted.

WELCOME TO DRAGON MOUNTAIN

Dragon Mountain is an adventure game with all the action taking place underground, inside a mountain where a ferocious dragon guards his store of treasure. Your aim is to enter the mountain, find your way to the Dragon's Den and carry away the treasure. However, you will have to deal with a variety of creatures roaming the inside of the mountain before you can accomplish your goal.

PLAYING DRAGON MOUNTAIN

You play the game by inputting two word commands which consist of a verb followed by a noun. For example, to pick up a bottle type TAKE BOTTLE, to drop a bottle type LEAVE BOTTLE. To move around type GO and the direction in which you wish to go.

There are also a few one word commands, for example LOOK which will give a description of your surroundings and INVENTORY which will give a list of the things you are carrying.

To speed play, the first two letters of each word are sufficient for the computer to understand you.

LOADING DRAGON MOUNTAIN

1. Place the cassette into the cassette recorder.
2. Press the PLAY button.
3. Type CLOAD and press the ENTER key.
4. When computer responds with OK type RUN and press the ENTER key.

Dragon Data hope you will enjoy playing Dragon Mountain as much as we did while creating it.
