ELVIRA'S HORROR PACK

IMPORTANT INFORMATION PLEASE READ BEFORE PLAYING

THE GAMES COMPRISING ELVIRA'S HORROR PACK CONTAIN SCENES OF GRAPHIC VIOLENCE, AND AS SUCH WE RECOMMEND THAT THEY ARE NOT PLAYED OR VIEWED BY PEOPLE UNDER THE AGE OF 18.

All the games in the collection are the original versions. When first released, Elvira 2 and Waxworks featured certain elements where the player was required to enter a code, found in the accompanying literature, in order to progress in the game. This was a copy protection procedure, implemented to prevent software piracy.

These features still remain in Elvira 2 and Waxworks. However, the codes that you are required to enter will ALWAYS be the same. They are as follows :

ELVIRA 2 : 4448
WAXWORKS : 1275

Note : There is no copy protection feature in Elvira 1.

These codes are also included in the online manual. We recommend that you print the manual for future reference. If that is not possible, then keep this sheet with your game for reference during play.

We hope you enjoy Elvira's Horror Pack.
