ADULT ADVENTURE GAMES THAT WILL WARM YOUR COCKLES ON EVEN THE COLDEST WINTER NIGHT.

The adventures of Captain Brad Stallion...

These adult, graphic adventure games for the Atari ST combine a bit of twisted humor, colorful graphics, and strong story-lines into challenging, and at times sinful, graphic adventures. In these games you take on the role of Captain Brad Stallion, owner and operator of the one-man space vehicle known throughout the entire galaxy as "The Big Thruster." The Federated Government depends on you for only the toughest missions—so strap yourself in and take a whack at solving some of these thruster busters.

## BRIDE OF THE ROBOT

As the story begins, you are stumbling around a moon of Mammaria, trying to forget your hangover and find your ship. Suddenly an urgent message informs you that Miss Galaxy has just been kidnapped by a runaway robot. A robot with a sex drive! It was a new development by Professor Wang — but something went wrong. The robot went berserk, killed Professor Wang and kidnapped the new Miss Galaxy. It is your mission to rescue Miss Galaxy and neutralize the robot.
