Asterix

Magic Potion, fist fights and free-for-all brawls

Prepare for action in the Gaulish village: Obelix has disappeared, kidnapped by a Roman patrol whilst out hunting wild boar. Asterix volunteers to find his old friend before he causes chaos amongst Caesar's troops. Fortunately, in the course of his adventure he can count on the magic potion because he will have to face Romans, Caesar's spies and even pirates!

You will not be bored for a second with Asterix and the famous gags of the indomitable Gauls are part of the fun ... so beware of red her-

rings!

Your mission will take you all through Gaul, The Roman Empire and Ancient Greece and even as far as the Egyptian pyramids.

Asterix! A wonderful platform game, by Toutatis!
