THE SMURFS

To beat Gargamel, you need to be a really Hefty Smurf!

Panic in the Smurf village! The odious Gargamel has kidnapped Brainy Smurf, Jokey Smurf and even

Smurfette! Hefty Smurf has volunteered to go and fight Gargamel and free the captured Smurfs (especially Smurfette since he is in love with her like everyone else!).

But it will be a tough mission, since he will be facing unusually cunning enemies: Buzz flies, carnivorous plants, giant snakes, Angry Smurfs and, of course, Gargamel and his sinister cat, Azrael.

This is the first video game adaptation of Peyo's famous cartoons and this great console game faith-

fully re-creates the magical universe of the Smurfs. You will travel on a stork's back, in a wagon, on a sleigh or on a raft; you will eat raspberries and sarsaparilla leaves to regain your strength; you will throw Jokey Smurf's booby trapped gifts at your enemies and you can gather bonuses in the special levels.

Be Smurf - the village is counting on you!
