JASON OF THE ARGONAUTS

Designed and Written by Simon Avery

You are Jason, leader of the argonauts on a quest to find the fabled golden fleece. If you find the fleece and return it to the ship, you will be able to reclaim your rightful throne from Pelias who stole it after your father Aeson was killed. Many dangers and strange creatures are reputed to inhabit the island upon which you landed after all your fifty argonaut crew were killed in a fierce storm. Good luck....

This adventure game understands all the standard adventure commands i.e. North, East, South, West, Up and Down which can be abbreviated to N, S, E, W, U, D. Some useful verbs are EXAMINE, LOOK, GET, DROP, GIVE and many more. Other important commands are INVENTORY or (I) will give you a list of what you are carrying, SAVE will save the game position to tape and LOAD will restore a previously saved position from tape.
