WHERE GAME DESIGN IS AN ART AND A SCIENCE

F-117A Nighthawk Stealth Fighter 2.0™

Voted Best Simulation of the Year by the Software Publishers Association in 1988, *F-19 Stealth Fighter* was a game the critics said could not be improved. It has been. *F-117A* features several thrilling new combat scenarios, even hotter 3-D graphics and more up-to-date information on the world's most elusive jet.

Coming soon for IBM-PC/Tandy/compatibles. VGA (79.95) and EGA (69.95) versions sold separately.

Civilization™

The creator of the award-winning *Railroad Tycoon* now turns his attention to the construction of true empires: civilizations. As the guiding spirit of a new civilization, can you guide your people toward survival, expansion and dominance from the founding of the first cities through the space age? And can you do it while competing against history's greatest leaders, including Ghengis Khan, Napoleon and Julius Caesar?

Coming soon for IBM-PC/Tandy/compatibles. VGA (69.95) and EGA (59.95) versions sold separately.

Gunship 2000™

The original *Gunship* put you in the cockpit of the awesome AH-64 Apache attack helicopter. *Gunship 2000* gives you control of five gunships, from among seven different classes, for high-tech battles around the world. Choose from Apaches, Blackhawks, Kiowas and more, and see every detail in the most detailed, Super 3-D Graphics yet.

For IBM-PC/Tandy/compatibles 640k RAM (69.95). VGA and EGA versions sold separately.

Darklands™

Who says a fantasy role-playing game can't be realistic? *Darklands* places the player into a land of magic, intrigue and heroic adventure — medieval Germany, depicted as Europeans at that time thought it to be: filled with sorcerers and witches, hypocritical clerics and religious powermongers, mysterious and potent artifacts, and endless opportunities for fame and fortune. A role-playing epic begins.

Coming soon for IBM-PC/Tandy/compatibles.

Hyperspeed™

Alien Combat and Role-Playing Adventure

Hyperspeed™

An updated and enhanced version of MicroProse's interstellar action and adventure epic, *Lightspeed*. Race through star clusters in a desperate search for a new world for Mankind. Negotiate with alien races for resources and political alliances. Battle those hostile to humanity. *Hyperspeed* features four progressively-harder star clusters, an animated opening sequence, dazzling 3-D graphics, alien animation and more. Coming soon for IBM-PC/Tandy/compatibles. (59.95)

MicroProse Entertainment Software

Operation Desert Storm Scenario Disk™

Owners of *F-15 Strike Eagle II* can now experience the challenge of the Persian Gulf War with this add-on scenario disk. Take on eight specific, historically-based missions from Desert Storm, or countless randomly-generated missions based on actual strategies and tactics used in the conflict. Also includes the North Cape and Central Europe scenarios in *F-19 Stealth Fighter*, new night combat capability and more.

For IBM-PC/Tandy/compatibles 384k RAM and F-15 II required (29.95)

Knights of the Sky™

Become a World War I flying ace for thrilling aerial dogfights against some of the greatest combat pilots ever — including the infamous Red Baron. Battle for the title of Ace of Aces, and also help the Allies win World War I in the comprehensive campaign game. Super 3-D graphics capture every heart-pounding moment; intelligent opponents and challenging scenarios pose the ultimate test to your dogfighting skills.

For IBM-PC/Tandy/compatibles 640k RAM (59.95).

Covert Action™

Special agent Max Remington goes to work in an international espionage simulation that portrays this clandestine world the way it really is. Espionage in the 1990s thrives on technology. Tap phone lines, crack complex codes, defeat computerized defense systems. Track suspects around the globe as you piece together the pieces to a worldwide criminal plot. In the shrouded world of *Covert Action*, ingenuity is the best weapon you can have.

For IBM-PC/Tandy/compatibles 512k RAM (59.95).

Sid Meier's Railroad Tycoon™

Big Business. Tough decisions. Excitement, challenge and compelling attention to detail. *Railroad Tycoon* re-creates the Golden Age of Railroads in any of four world regions, and gives you complete control over every aspect of your industrial empire. But be careful: the world's other tycoons — like J.P. Morgan, Vanderbilt and Carnegie — are fierce competitors, determined to crush you or brush you from their path. Named Best Strategy Game by the Software Publishers Association!

For IBM-PC/Tandy/compatibles 512k RAM; 640k VGA/MCGA (59.95)
and Macintosh (69.95). Coming soon for Amiga.

Silent Service II™

Silent Service won critical and popular acclaim as the definitive World War II submarine simulation. *Silent Service II* picks up where its predecessor left off — with enhanced, digitized graphics and thrilling new game options — including campaign play — that give you even more decisions, even more intense action.

For IBM-PC/Tandy/compatibles 512k RAM; 640k for VGA/MCGA or Ad Lib sound (\$9.95).

F-19 Stealth Fighter™

Fly the radar-elusive jet on dangerous solo missions around the world, every detail depicted in dazzling Super 3-D Graphics. Voted Simulation of the Year by the Software Publishers Association.

For C-64 (19.95), Amiga (59.95) and IBM-PC/Tandy/compatibles 384k RAM (69.95).

M-1 Tank Platoon™

You're in command of a four-tank platoon of America's most devastating armored assault vehicle: the M1-A1 Abrams Main Battle Tank. Give orders to individual tanks or the group as a whole. "Jump" into any of the tanks for first-hand action. Artillery, air support and much more.

For Amiga (59.95) and IBM-PC/Tandy/compatibles 512k RAM (69.95).
