## SURVIVAL

In this role playing adventure game you take the part of Gary Gullible, a new agent with M.I.5. In your first mission you must recover some stolen documents and return them to the government. Your simple and hopefully effective plan to parachute onto your adversary's island, locate and recover the documents is cut short when your helicopter crashes. Now you must show your superiors that you've got what it takes to be a true M.I.5 agent, by overcoming this new problem.
