Dear Guest,

Thank you for choosing to stay at Fat Barries luxury coffin Hotel. I believe that we have one of Titan's premier Hotels. Guaranteed six inches of leg room\*, and all those extras that come as standard at Barries-ventilation, lighting, and a key for the door.

Such luxury does have a price though, as I'm sure you are aware. This price is that Barries is everybody's first choice when visiting Titan. Because of this, we only deal in the best clientelle. The type of clientelle that will abide by the rules outlined below. These rules are to make everybody's stay more comfortable, and I'm sure you will agree that they are more than reasonable. Enjoy your stay!

1. No more than one guest in any room.
2. Please keep the 'Airometer' topped up. This supplies one hour of air per ten credits inserted. Make sure you have enough credits for a full night. Anybody not inserting enough credits will:
  - a. Be dead.
  - b. Have their bodily organs sold off, or otherwise utilised, to pay their room debts.
  - c. Which reminds us, why don't you try our fabulous Liver Casserole at Fat Barries diner.

\*Does not apply to guests over 4ft 6inches tall.

- 3: No Parties.
4. No snoring, barfing, smoking, farting, eating, drinking, defecating or sneezing in any room. Any violation of these regulations will result in the Airometer being disconnected.
5. A free hostess service is available to supply you with drinks or food during your stay.\*
6. No guests under 4ft 6 inches.

### *YOUR STAY ON TITAN*

Titan is one of the better off world resorts to visit, but as ever, some tips on etiquette are useful. Remember to be nice to couriers. Remember that it is easier to speak to people when a bar is quieter. Don't hang around the bars for too long though-the longer you stay anywhere, the more danger you will be in. Oh, and don't forget-mermaids can be useful.

*PLEASE REMEMBER TO TAKE YOUR TRAVEL BAG WHEN YOU LEAVE YOUR ROOM.*

\*Does not apply to guests over 4ft 6inches tall.

\*Ditto.
