The SwordThrust Series

This unique fantasy role-playing system by Donald Brown is unlike any other fantasy game available for the Apple® computer.

With the "SwordThrust" series, you are able to develop a character, give him or her personality, character traits, abilities, skills and power.

That character may then be taken on a series of adventures. Not just on one game disk, but on a whole series of SwordThrust adventures.

Not your typical "hack and slash" adventure game, rather one that will require skill, cunning and a lot of thought.

MISSION ESCAPE!

Imagine chess with a knight carrying a laser blaster and a dozen missiles. It's "Mission Escape" from CE Software. An adrenaline-pumping, hi-res action game by Jim Jacobson. At first, it appears to be another shoot 'em up arcade game. Thinking that way can get you blown to ashes. Simply mowing your captors down with missiles or blaster fire is not the answer. Instead, it will take a combination of quick wits, a quick trigger finger and some clever strategy to make it through the various levels of your Imperial Security Station Prison. Mission Escape is available on disk from your Apple® computer dealer for just \$24.95.

WALL STREET

There are laws of nature, and laws of man, and the stock market is subject to neither.

Wall Street, by Donald Brown is a fast-paced financial strategy game. Your goal is to wreak havoc on the stock market, and come out rich!

In Wall Street, from one to nine players can compete against the computer (acting as the stock market) and against each other! What you and your opponents do has a direct affect on the market behavior. Be careful. Wall Street combines the best aspects of stock trading to make an exciting game of skill and luck. Wall Street, available on disk from your Apple® computer dealer for just \$24.95.

The Vampyre Caves

A Vampyre--Nosferatu--Prince of the Undead. The most dangerous of all creatures that walk the night. No rogue in his right mind (and very few out) would choose to tangle with one, and yet that crazy old man's offer had been just too sweet to resist.

Your group arrived at the cave where your quarry supposedly lived. It was well after midnight. Common sense suggested waiting until morning, but the old man would stand for no delay.

Your group entered the tunnel. As the only experienced adventurer, you led the way. You had barely entered the tunnel when the party was attacked. Shadows rushed at you, beasts screamed--and you lost consciousness. You woke up, elsewhere and alone. Can you escape with your body and soul intact, or will you be just another of the thousands who have perished in "The Vampyre Caves?"

The Vampyre Caves is the second adventure in the exciting SwordThrust series. You must have the SwordThrust master diskette to play.

**NOT A COMPLETE GAME. REQUIRES
"SWORDTHRUST" MASTER DISKETTE.**
