WARNING: We strongly recommend this game be played with the lights on. You will be plunged into spine chilling reality. Smell the dank, musty odours - feel the terror that surrounds you. Beware each nook and cranny for evil lurks around every corner. Eyes peer at you from the gloom - all manner of creatures lie in wait. One false move and you are finished. Try your best to find and destroy Dracula but **REMEMBER THERE ARE FATES WORSE THAN DEATH!**

Some typical commands to use:

INV; LOOK; END; SAFE; GET; TAKE;
DROP; THROW; NORTH or N; UP;
DOWN; BUY etc...

To run, insert cassette and type:

CH." <RETURN >

In case of loading difficulties follow the User Guide instructions, or use other side of cassette.
