ADVENTURE

You must help Time Lord Doctor Goo to defeat the evil Mr X who is planning to infect all Spectrum adventures with a deadly virus.

You must tell the Doctor what to do using sentences such as "Get the gold piece and examine it." Or simply "Get gold."

You can talk to the various characters in the adventure if you SAY TO (character) "WHATEVER YOU WANT TO SAY".

You may find RAM SAVE and RAM LOAD useful. For other commands use the first five letters. If you are stuck for words then type WORDS.

VIRUS was written with GILSOFT'S P.A.W.
