About the “free”, downloadable Heroes Chronicles game:

The World Tree

The World Tree is the essence of life, spreading its vitality to all living things. Although barbarians imagine it to be a real tree, the World Tree can be more accurately depicted as the 'living earth', the entire planet. Normally, the Ancestors protect it from harm, but a cry for help cut suddenly short warns Tarnum that the entire world is in danger. He soon discovers that one of the Ancestors, Vorr, has gone insane and seeks to destroy the World Tree.

Vorr has enlisted the help of the Necromancers - who despise all life - as well as a remote Barbarian tribe, who worship him as a war god, to carry out the destruction of the World Tree. So, once again Tarnum must lead the creatures of the Stronghold town to a distant northern mountain range to battle Vorr and his minions.
