## Installation Instructions

- Insert *Might and Magic VI* CD 1 into the CD-ROM drive. The autorun program will automatically appear. Click on the **Might and Magic Classic** button to enter the Setup screen. If the autorun screen does not appear, click **Run** from the Start menu and type D:\CLASSIC\SETUP\SETUP.EXE, where D: represents your CD-ROM.
- Click **Next** to continue with the Setup program. You can click **Cancel** to quit the program at any time.
- Choose the directory where Setup will install the *Might and Magic Classics* files. **Next** accepts the default directory (C:\Program Files\Might and Magic Classics). **Browse** allows you to type in a new directory or select an existing one. Click **Next** to begin installing the files or **Back** to return to the previous step.
- Select which games you wish to install to your hard drive. Also, select if you want the manuals installed to your hard drive.
- If you wish to read the Readme file, check the box marked **View Readme**. To install Acrobat Reader (necessary to view the manuals) check the box marked **Install Acrobat Reader**. Select **Finish** to continue.
- You are now ready to play *Might and Magic*. To play, go to the the Start Menu and select Programs, Might and Magic Classics, and the Might and Magic you wish to play.
- When you first load one of the *Might and Magic* games, you will need to set up your sound configuration. Simply select the sound card you are using then exit the setup program. The game will load automatically.
