# Worlds of Ultima™

## THE SAVAGE EMPIRE™

A two-fisted adventure in the time-lost land of Eodon, where dinosaurs still rule and ancient mysteries abound. Only keen wits, nerves of steel, and a good hunting rifle can make the difference between conquering the Savage Empire and becoming a Tyrannosaur's next lunch. Prepare yourself for cliffhanging excitement!

### BRITANNIA WAS NEVER LIKE THIS!

- Explore steamy jungles, primitive villages, volcanic wastelands, underground cities, and ancient temples.
- Encounter stone-age tribes, exotic jungle princesses, ancient races, lizardmen, and mad scientists.
- Battle man-eating tyrannosaurs, giant gorillas, mutant ant-men, flying pteranodons, sabre-toothed tigers, and other prehistoric beasts.

### ANOTHER GREAT ULTIMA® ROLE-PLAYING EXPERIENCE!

- Uses the most advanced Ultima® role-playing-system ever created.
- Dozens of interesting characters with unique personalities and sophisticated conversations.
- Easy-to-use point-and-click interface.
- A fully interactive world simulation with thousands of objects. If you can touch it, you can use it!

### SENSES-SHATTERING GRAPHICS AND SOUND!

- Spectacular full-color art and animation by the industry's leading artists.
- Original heart-stirring musical scores.

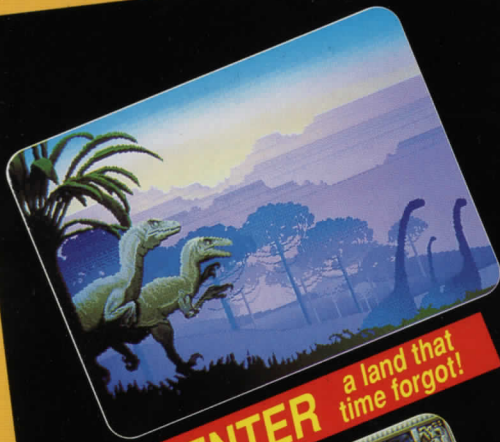

The Savage Empire is the first in the Worlds of Ultima series, taking you, the Avatar™, to exciting new worlds of science fiction, mystery, historic exploration, horror, time travel, espionage, and fantasy. All of time and space, past and future, fact and fiction are yours to explore in the Worlds of Ultima!

## COMPUTER GAMING WORLD

"THE SAVAGE EMPIRE's graphics, depth of fiction, ease of play and soundtracks are all impressive and the change from the ULTIMA mythos is welcome."

– **Dennis Owens**

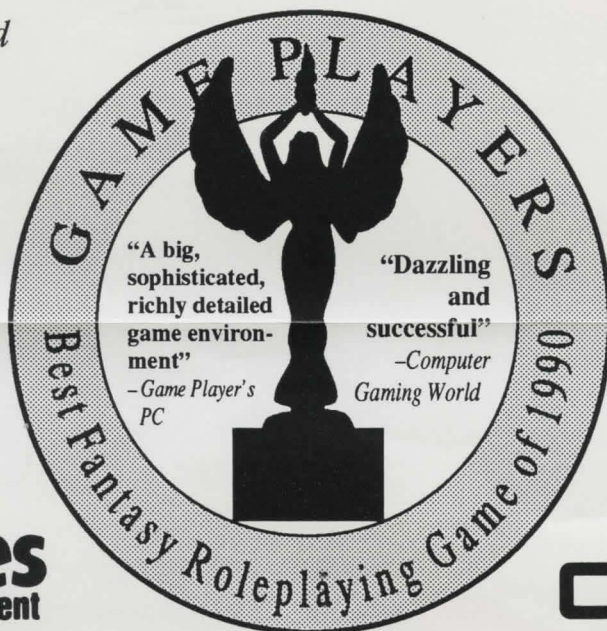

*Computer Gaming World*  
February 1991  
pg. 25

## GAME PLAYER'S™

"Origin's game designers are virtuosos at world-making. Eodon is a richly detailed, fully believable world that reflects solid anthropological research. The player interface is so friendly it practically wags its tail, and the graphics are spectacular."

– **William Trotter**

*Game Player's Magazine*  
April 1991  
pg. 73

## VideoGames & Computer Entertainment

"The Savage Empire boasts superior VGA graphics...CD quality sound...an innovative installation program. Adventuring in Eodon is a joy." RATED (out of 10):
