Adventure Quest

Adventure Quest. Hundreds of years have passed since the time of Colossal Adventure and evil forces are invading the land. One hope remains: you must discover the Old Roads to the Dark Tower, fortress of the Demon Lord. Only there can you defeat him.

The way is long and dangerous, through 9 different regions of forest, desert, mountain, water, fire etc., but with cunning you can make it to the final confrontation with AGALIAREPT.

"This has always been one of the best adventures for me as it seems to contain the lot. In all it took me about 8 months to solve." - Popular Computing Weekly

"A brilliant adventure that confirms Level 9's place as the ultimate adventure software house" - Computing with the Amstrad

Cass. £9.95 (Disks-BBC Acornsoft dts/CBM64 £11.95)

Dungeon Adventure

Dungeon Adventure completes our Middle Earth trilogy. The Demon has been defeated and his Dark Tower cast down. But its dungeons remain, filled with hoarded treasure and magic.

There are just two snags. Other creatures want the loot, as well, and many guardians remain: skeletons, carnivorous jellies, black balls etc. Even an orc or two. Success will not come easily!

"(10/10): "★*£*!!!" (We think he liked it!) - Popular Computing Weekly

"Once again Level 9 has created a wonderful adventure sparking off your imagination and transporting you into a world where electricity bills and mortgages have no place." - MSX Computing

Cass. £9.95 (Disks-BBC Acornsoft dts/CBM64 £11.95)

Lords of Time

Lords of Time. A band of evil timelords are plotting to alter world history, and Father Time has chosen you to help stop them. This requires 9 symbolic objects from critical times in history.

Chill to the Ice-age, find the first hard disc, get lost in the dark ages and find what the future may have in store. My favorite thing is the woolly jumper (you'll know it when you see it!).

"Level 9 - arguably the producers of the best adventure games in the UK - has done it again. **Lords of Time** is a sparkling addition to its stable of winners, with more than 200 beautifully described locations and a repertoire of witty responses to even the dumbest instruction." - Acorn User

Snowball

The massive starship, **Snowball 9**, is carrying 2 million hibernating colonists to Eden, fertile planet in the Eridani starsystem, in this SF game with thousands of locations. The **Snowball** has been hijacked and is heading into the sun in the first of our "Silicon Dream" trilogy.

You'll meet Waldroids, Nightingales and other strange robots in this massive science fiction adventure. But the most baffling puzzle, according to many players, is how to use the control room computer.

"I was impressed by the scope, over 7000 locations, the quality of the location descriptions, and the addictiveness. A great many of the Adventures I've played were forgotten as soon as the machine was switched off, this one kept me awake for nights!"

"Pick of the week... A mandatory purchase for adventure fans everywhere. Tony Bridge will go gaga." - Popular Computing Weekly

"The problems I've encountered so far are typical Level 9 - diverse and cunning! The puns are just as amusing and the plot is one of the best. There's nothing I can say about **Return to Eden** that hasn't been said about other Level 9 classics, so go out and buy it. It's s another winner from the Austins."

Return to Eden has about 240 pictures in Amstrad, Commodore 64 and Spectrum versions.

Worm in Paradise

COMING SOON

The Worm in Paradise concludes Level 9's award-winning Silicon Dream trilogy, designed by Pete Austin. It takes place 100 years after **Return to Eden**, set amongst the habitomes of Eden.

The Worm in Paradise is possibly the first ever political SF adventure, how do you take on a powerful government if you can't even find your way home? It's funny, too, and will be available just as soon as we can turn Pete's design into a program.

Red Moon

Red Moon. The moon Crystal of Xax supplied good magik for the honest rulers of the Kingdom of Baskalos. Then it was stolen and the land fell into chaos. You must recover the Moon Crystal from the magik-rich castle where it is hidden, armed only with your wits and a handful of spells.
