# IMPULSE SOFTWARE™

Welcome to the world of Classic Adventure, where you the player must use your imagination and logic to unlock mysteries contained in well over a hundred computer-generated color scenes. Each classic adventure takes several weeks to master, providing hours of fascination, intrigue and entertainment.

## **WIZARD AND THE PRINCESS**

*One of the most popular classic adventures to date.*

You begin your adventure in the small village of Serenia, whose fair princess has been kidnapped by the dreaded wizard Harlin. He has taken her to his towering castle beyond the Great Mountains, where he practices his dark and potent magic. Become the hearty and steadfast adventurer, the one living mortal who can rescue the princess from her captivity.

## **MISSION ASTEROID**

*A true test for the space navigator.*

In this adventure, an asteroid of immense proportions is on a collision course with the planet Earth. You need to rocket to the asteroid and alter its course. But hurry, there is no time to waste – disaster is almost upon us!
