Sierra Originals

A "Special Edition" collection of the finest multimedia games designed for all the family to enjoy.

Catalogue 1995 - 1996

Dear customer,

Established in 1980, Sierra has continued to create, develop and publish the highest quality computer games which have been specifically designed for the entire family to enjoy. **Quality and Innovation** is the key to Sierra's success. With it's team of over 800 dedicated employees and a catalogue of over 300 titles, Sierra now dominates the home multimedia software market. The talents and the professionalism of the SIERRA development teams is dedicated to bringing you the very latest in state-of-the-art technology.

Now, with the constantly increasing domestic multimedia market, SIERRA has created "SierraOriginals", a special edition of our most exciting titles which are now available at an amazingly low price.

"SierraOriginals" brings you a wealth of home entertainment at a price you can afford !

Meticulous reconstructions and constantly varied new aerial combat scenarios.
486-4 Meg RAM-VGA 256 colours
MS DOS 5.0.

SIMULATION

ACES OVER EUROPE

Historical flight simulator.

Dive back into history and re-live the air battles of the Second World War. From the Normandy beaches to the bomb ravaged ruins of Berlin take an active part in the most famous aerial dogfights of all time ! Patrol the skies of Europe aboard any one of more than 20 faithfully reproduced aircraft, attack and destroy factories, bridges etc... all in advanced 3-D rendered graphics.

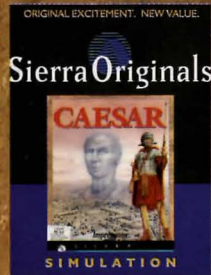

SIMULATION

CAESAR I

Simulation of economic development.

Test your administrative skills and become the governor of a province in the Roman Empire. You could even become Caesar himself !

You have money, legions and slaves all at your disposal. Use them wisely to embellish your city with all the wonders of the Roman world. Be judged on four main criteria : Peace, Prosperity, Culture and Empire.

An Empire to build, govern and preserve. Computer created provinces. Over 20 different buildings to incorporate. Advisors to help you make decisions.

MS DOS 3.0.

Contents

ADVENTURE

Discover extraordinary worlds and unusual characters.

ACTION

Test your daring as you embark upon challenging, thrilling missions.

STRATEGY

Push yourself to the limit and demonstrate your tactical prowess.

SIMULATION

Ultra-realistic simulations for the purist.

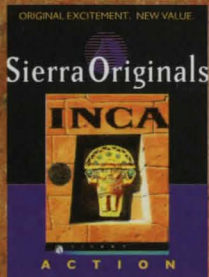

ACTION

ADVENTURE

INCA I

Ethno-fiction saga.

You take on the role of EL DORADO, hero of the ancient Inca Empire. The time for the prophecy to be fulfilled has come, and you leave on an intergalactic voyage, to do battle with the conquistadors and regain the three Inca secrets so that the Empire can rise again.

Piloting the "Tumi" you will enjoy free movement through pre-calculated synthesized scenes and interact with movie characters. AT 386-640 K RAM-VGA 256 colours MS DOS 3.0.

GOBLIINS 1 AND 2

Humour and strategy in a mediaeval atmosphere.

Our wily Goblins. (irresistibly amusing elves who are totally unpredictable) are constantly having to contend with impossible situations. In the first episode of this series they have to save their king from a terrible curse ! In the second, they go off on a hunt for a prince kidnapped by the "Demon King" who wants him for a court jester !

A magical mixture of wacky characters, wildly amusing adventures and unbelievable traps. AT 386-640 K RAM-VGA 256 colours MS DOS 3.0.

SPACE QUEST IV

Science Fiction parody.

Discover the most burlesque and satirical world of space ever to come to the computer screen ! Learn how to survive with your favourite hero and stand your ground in the face of an evil assault force from the Cosmos. A force which is determined to make this adventure the last in the series... The future of the next Space Quest lies in your hands !

Breathtaking animation and a warped sense of humour combine in an "out of this world" nonsensical adventure !

AT 386-2 Meg RAM-VGA 256 colours MS DOS 5.0/Windows 3.0.

LOST IN TIME

Interactive adventure film.

As Doralice you have to undermine the plans of a murderous enemy, explore hostile jungles, an ancient Breton manor and a galleon that surges up out of history. Face the dangers from the past and from Melkion, secret agent from the future !

The first interactive Full Motion Video Film. Digitized backgrounds from renowned French graphic novel artist Ségur. AT 386-640 K RAM-VGA 256 colours MS DOS 3.0.

To one our CD-ROM used all world is produ

ADVENTURE

GOBLINS 3

Humour and strategy in a Tex Avery style.

Reporter Blount, a journalist hunting for a scoop, sets off on a crazy mission to interview Queen Xina and King Bodd who, since time immemorial, have been unsuccessfully rivalling each other for possession of the "Jewel of the World" which, according to legend, will give its owner an eternity of delight...

A multi-faceted hero and panoramic settings with horizontal and vertical scrolling.

AT 386-640 K RAM-VGA 256 colours MS DOS 3.0.

SPACE QUEST V

Help our favourite anti-hero to rise to the rank of Captain in his own space craft.

ROGER WILCO, Intergalactic Space Janitor and hero of the space adventure has to track down the hateful outlaws who have left a trail of toxic waste across the galaxy. The destiny of the universe is at stake !

Mind-boggling animations and nail-biting humour.

AT 386-2 Meg RAM-VGA 256 colours MS DOS 5.0/Windows 3.0.

ADVENTURE

KING'S QUEST VI

A fantastic adventure for the whole family.

Discover a magical world where you help the shipwrecked prince make his way across a series of mysterious islands in search of a princess in peril. You'll need all your wits and imagination to overcome the gauntlet of baffling puzzles and fantastic creatures that block you on your quest. Depending on your skill and the paths you follow, your adventure can end in many different ways.

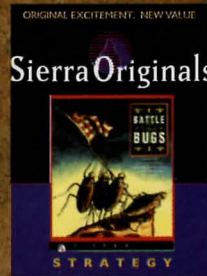

The sequel to a Best Selling Saga : more than 1.5 million copies sold. AT 386-640 K RAM-VGA 256 colours MS DOS 5.0/Windows 3.0.

STRATEGY

BATTLEBUGS

Military strategy with humour and parody.

A game of military strategy where insect troops rage across tabletops and storm junk food targets. Standing in their way are legions of enemy troops, armed to the teeth. You - and your battle strategy must guide your troops to glory. Continue to win battles and achieve the status of Napoleant and be honoured by Queen Elizabug herself!

A genuine animated cartoon with an option of vertical or horizontal scrolling and special on-line help. AT 486-2 Meg RAM-VGA 256 colours MS DOS 5.0/Windows 3.0.
