the fool's errand™

by Cliff Johnson

This dazzling game is unlike anything you've ever seen. It is a fantasy puzzle. It tells the epic story of the fool, intertwined with over eighty puzzles: graphic puzzles, word puzzles, logic puzzles, and more.

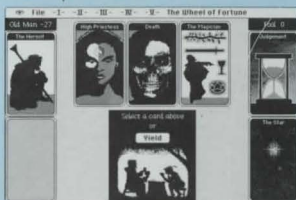

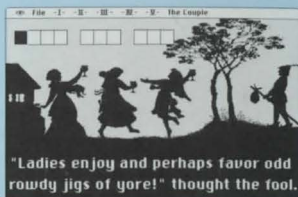

Each puzzle is unique. The story ties the puzzles together. The puzzles put the pieces on the map. The map is a puzzle too. And there are puzzles in the map.

You figure it out.

And when you do (in two weeks, two months, or two years), you will be rewarded with a four-minute animated finale.

And you will have earned it!

A winner in Macworld's 1987 Game Hall of Fame. Hint book available.

HARRIER STRIKE MISSION II™

by Timothy Hays

In this jump jet flight simulator you are armed with weapons of tremendous power in six unique scenarios: enjoy the scenery or take off into five different full-blown battles. Face up to a dozen of the enemy's deadliest fighter jets, tanks, carriers, gunboats, and more. Realistic fill-in graphics, digitized sound, full-screen action, rockets, cannon, torpedoes, bombs, heads-up display, and many other options make this a challenging game for both experienced pilots and the armchair general.

Use practice flight to get used to the controls, then start blasting away at the enemy. The flight simulator that's a fun game to play!

DOWNHILL RACER™

White powder excitement in the comfort of your own home! Choose among four levels of difficulty on four different runs, taking on the persona of one of three skiers. The action is fast and furious, the mountain steep, your legs brittle! Make the run all in one piece, at speeds up to 70 mph, and the crowds roar with excitement. The next time the slopes are too crowded, or the sun melts away the snow, boot up Downhill Racer for some year-round thrills!

QUINTETTE™

From its roots in ancient China, this timeless game of skill and strategy offers hours of challenge and inspiration. Quintette is simple in design—align five stones in a row on the board, or capture five pair of your opponent's—yet it has more twists and turns than ginseng root. Playable in pairs, teams, or against the computer in eight levels of difficulty.
