Thank you for your interest in MacSoft!

This catalog is full of high-quality Macintosh software that we think you'll find useful and enjoyable. The MacSoft line now includes over 25 affordable entertainment, productivity, and educational programs. You'll find these products in stock now at your favorite reseller. Or, you may order them directly from MacSoft.

Thanks to the support of thousands of customers, MacSoft grew to become one of the 15 largest Macintosh software publishers in North America during its first six months of operation. We hope to expand further by continuing to provide outstanding products at affordable prices and free telephone support for our customers.

If you have any suggestions about what we could do better, please write or call us. We're anxious to hear from you!

TrueType Font Pack

Create attention-getting documents with this package of 100 premium-quality fonts. Each of the fonts has been designed to print laser-smooth and crystal clear, regardless of how large or small you make the type!

Works with any Printer

Because these fonts are TrueType fonts, you can print them using virtually any kind of printer, including laser printers, ink-jet printers, image-setters and dot-matrix printers.

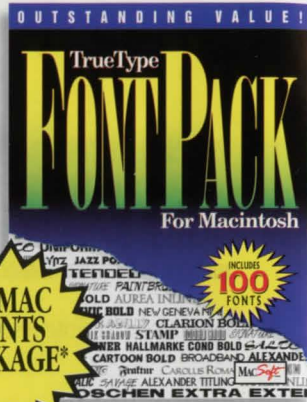

Works with any Application

Once installed, you can use these fonts with virtually any Macintosh application.

Easy to Install

Once you drag these fonts to your System Folder, they will automatically appear in every application's "Font" menu.

Requires System 6.0.7 or bigger, hard disk, and Macintosh Classic or bigger.

Special Price **\$19⁹⁹**

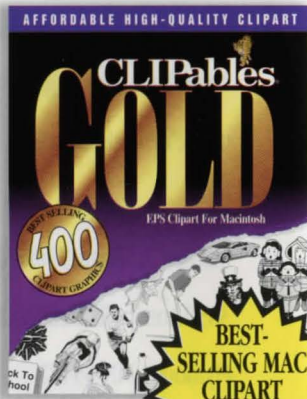

Clipables Gold

Add visual impact to your documents with this package of 400 of the highest-quality EPS clipart images available. Each of these images is hand-rendered by professional artists with years of design experience.

Unlike many other clipart packages, Clipables uses the EPS format to store each image. This means that every Clipables image will print at your printer's best-possible quality. You can even enlarge, reduce, or stretch these images.

Clipables will print on virtually any printer, including laser printers, ink-jet printers, image-setters, and dot-matrix printers. What's more, you can place Clipables art in any document created by an application that supports EPS, and most Macintosh applications support EPS.

Categories Included: Animals, Business, Display Banners, Do's and Don'ts, Environment, Figures, Flags, Holidays, Humor, Music, Sports, Symbols/Objects, and Transportation.

Special Price **\$19⁹⁹**

Requires any software application that accepts EPS images.

* Based on information provided by PC Data of Reston, VA.

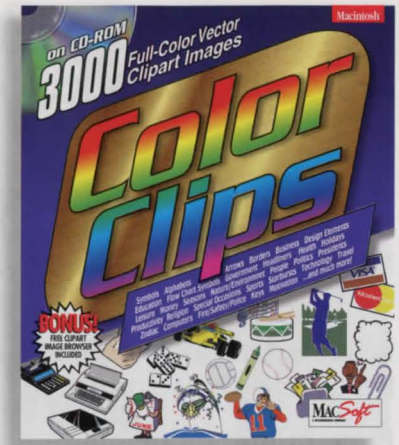

Color Clips 3000 CD-ROM

Incredible Clipart Value!

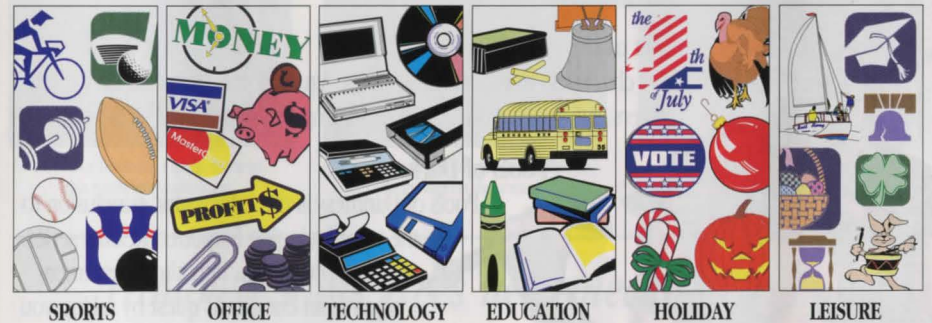

This CD-ROM contains 3000 full-color EPS clipart images. Use Color Clips to create stand-out documents, quality presentations, professional newsletters, and to add impact to all of your written materials. Color Clips are all "vector-based," which means they can be sized smaller or larger while retaining their original detail.

Because all of the Color Clips images are in the EPS format, you can use them with virtually any Macintosh application and print them on virtually any Macintosh printer.

Includes FREE image browser to let you easily view any of the clipart images on this CD-ROM before installing them on your hard disk.

Choose art from any of these categories to add a professional look to all your documents

Requires CD-ROM Drive and any software application that accepts EPS images.

MSRP **\$49⁹⁹**

Advanced Dungeons & Dragons Collector's CD-ROM

Some of the best AD&D adventures ever are now included in this special Collector's Edition CD-ROM. Never before has there been such a fabulous collection of America's favorite role-playing fantasy games.

Included are 5 epic AD&D role-playing fantasy games from the award-winning gold series:

Pool of Radiance

Prepare yourself for the first AD&D game set in the magical world known as the Forgotten Realms. Your quest is to discover the identity of the evil force and rid the fabled city of Phlan of its scourge.

Curse of the Azure Bonds

The Azure Bonds have you under their control. Your only hope is to search the Forgotten Realms for members of the alliance who created the bonds and regain control of your destiny!

Secret of the Silver Blades

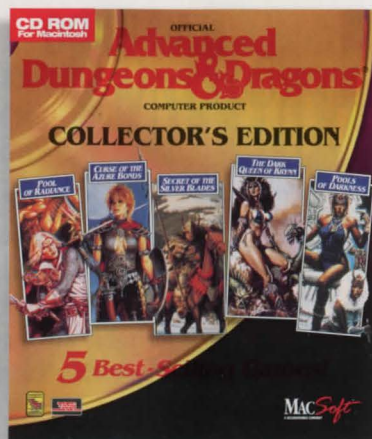

Transfer characters from the Curse of the Azure Bonds, or create new characters. Either way, you'll enjoy exploring this expansive 3-D adventure.

Pools of Darkness

Pools of Darkness is the cataclysmic conclusion to the award-winning Forgotten Realms series. It will propel you into alternate dimensions in an enormous quest by taking you back to the Moonsea area for the final battle against the ultimate enemy.

Dark Queen of Krynn

The Dark Queen of Krynn propels you across the sea to Taladas for the final battle against Krynn's worst nightmare. Battle strange and malevolent creatures never seen before and achieve character levels up to the 40th level!

Requires CD-ROM drive, System 7 and 4MB of RAM.

MSRP \$49⁹⁹

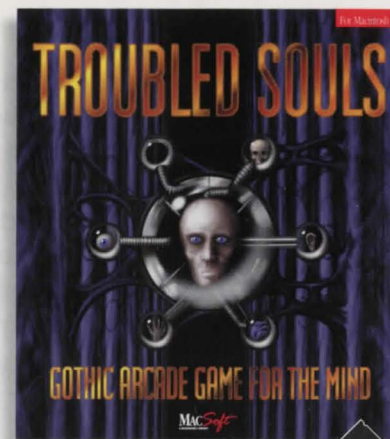

Troubled Souls

Gothic Arcade Game for the Mind

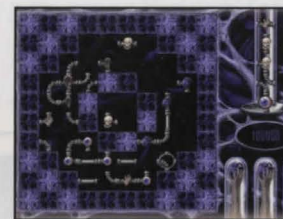

Can you hear the eerie melody in the background? Do you see the gothic graphics all around you? Faster! Just one more level. You can't stop! The game grabbed hold of your soul a long time ago. Besides, it's just TOO MUCH FUN!!

Not since Tetris has a game required this much fast thinking. Your job is to help the alchemist free his captured soul by fitting pieces together to form rings on the screen. Do it right! The soul you save may be your own!

With incredibly gorgeous graphics, fast action, a haunting musical score, and stimulating challenges for your mind, this game has it all!

Not since Tetris has a game required this much imagination and fast thinking!

Free the soul by fitting pieces together to form rings on the screen.

Great graphics, stimulating challenges for your mind, fast action. This game has it all!

"Troubled Souls gives new meaning to the word addictive. That it's the most gorgeous game of the year doesn't hurt either."

Bob LeVitus

Renowned game reviewer and best-selling author of 13 Macintosh books, including System 7.5 for Dummies, Dr. Macintosh: 2nd Edition, and Stupid Mac Tricks.

Requires any Macintosh (including PowerPC) running System 6.0.7 or higher with 4MB of RAM and support for 256 colors.

MSRP \$49⁹⁹

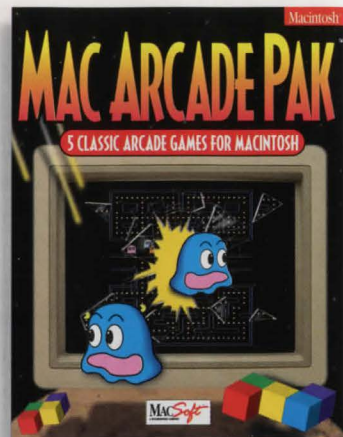

Mac Arcade Pak

Lock your doors, unplug the phone, and get ready for explosive, gut-wrenching arcade action! Mac Arcade Pak

includes five modern-day versions of the best arcade classics ever made. Only now, they're much better! They've got faster action, lots of dazzling graphics and plenty of spectacular sound effects. Indulge yourself!

Includes modern-day versions of: Pac-Man®, Tetris®, Asteroids®, Missile Command® and Movod.™

The games in this package were designed and written specifically for the Macintosh — not just ported to the Mac from Windows. Our games take advantage of the Mac's special capabilities to give you dynamite graphics, excellent sound effects, and raw, high-voltage action!

Requires 256 colors and 4MB of RAM.

MSRP **\$29⁹⁹**

Strategic Leap

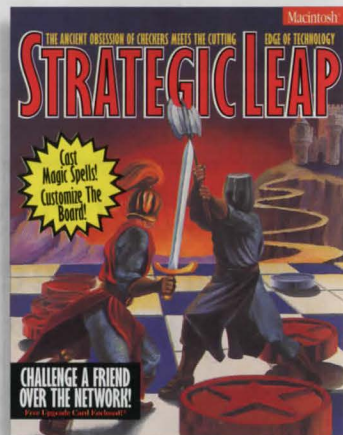

Challenge yourself with one of the world's premier strategy games!

Strategic Leap is checkers, plus a whole lot more. Cast magic spells, place bombs, resurrect pieces, transport pieces, and zap your opponent. It's a whole new game!

Create unique playing boards or choose from the 14 different boards included. You can also create your own games by adjusting the myriad of game options.

Play against the computer or challenge a friend. And if you buy now, we'll include a free upgrade to Strategic Leap for Networks, which will be ready in January of 1995.

If you enjoy plotting a good strategy, play Strategic Leap!

Requires 256 colors and 4MB of RAM.

MSRP **\$29⁹⁹**

Macintosh Game Pack

Includes 3 action-packed arcade games:

Diamonds

Winner of MacWorld magazine's "Arcade Game of the Year" award for 1993 and a finalist for MacUser magazine's "Editor's Choice" award. Diamonds is a breakout-style game that MacUser called "the most addictive game since Crystal Quest."

JewelBox

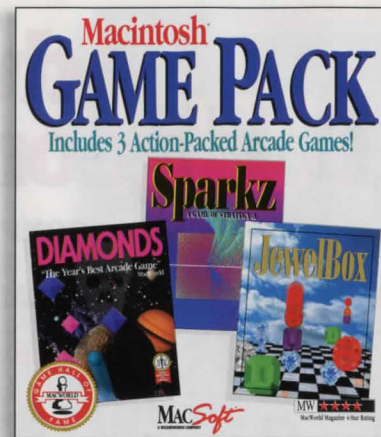

Jewelbox is definitely one of the best Tetris-style games ever. MacWorld magazine called it **MW ★★★★★** "a homage to Tetris, not just a derivative." Jewelbox sparkles with colorful animation, sound effects and music. It's sure to bring hours of challenge to any Tetris fan.

Sparkz

The arcade game Qix created a cult-like following in the video arcades. Now you can play a much more challenging version of the game on your Macintosh! Sparkz is an incredible game of strategy and skill!

Requires any Macintosh running System 6.0.5 or higher. Works in color or b/w.

SPECIAL PRICE **\$29⁹⁹**

Blackjack for Macintosh

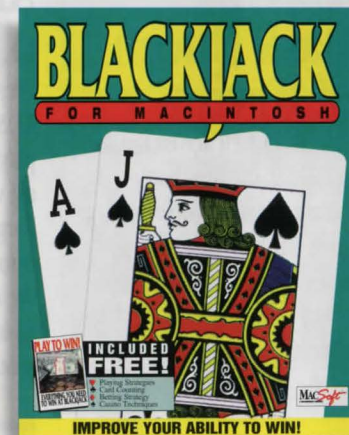

Now you can play realistic casino blackjack on your Macintosh and learn how to play the game! Besides great graphics and digitized speech, Blackjack for Macintosh includes numerous options to help you learn the best playing strategies.

Up to seven players can play, and all blackjack options are available, including double-down, split, surrender, and insurance. Also, the Rules Setup lets you customize the game to your favorite casino's house rules. And, the game includes an incredible selection of tools to help you develop a winning blackjack strategy, such as Strategy Guidelines screens, Hints, Count Accuracy window, and a complete on-line Count Table.

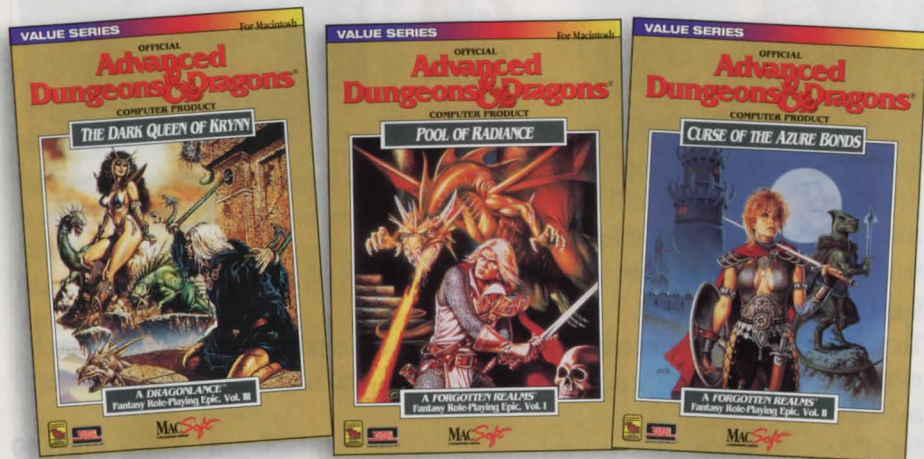

Also included FREE is "Play to Win," a guide to card-counting and betting strategies as well as winning casino techniques.

Requires any Macintosh running System 6.0.7 or higher. Works in color or b/w.

SPECIAL PRICE **\$19⁹⁹**

Be Sure To See The AD&D Collector's CD-ROM with 5 role-playing games on page 3

Crystal Quest

This fast-moving, adrenaline-boiling arcade game has won almost every Mac game award that exists. Your job is to collect all the crystals, avoid all the mines, bullets and 12 different sorts of nasties that will be out to get you in over 40 different waves of action.

Also included FREE is the Crystal Quest Critter Editor which lets you create your own unique games!

Requires any Macintosh (including PowerPC) running System 6.0.7 or higher. Supports color or b/w monitors.

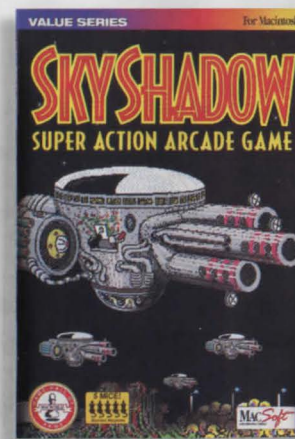

Incredible Value **\$14⁹⁹**

Sky Shadow

Forget this one! Stay home with your blanket, chicken soup and little liver pills... or NOT!! Your people need you! The dreaded, blood-hungry Razoropers have all but destroyed your city. Only your audacious white-knuckled bombing raids will save them!

WARNING: Side effects are unavoidable. Be prepared for late, sleepless nights and uncontrollable cravings for more and more Sky Shadow!

Requires any Macintosh (including PowerPC) running System 6.0.7 or higher. Supports color or b/w monitors.

Incredible Value **\$14⁹⁹**

Mission Starlight

Starlight rebel pilot, go forth! Your starfighter awaits to take you into pure hyperactive arcade madness! Even the most jaded video game enthusiast will be ecstatic at the explosive, realistic flight action of this game.

Rated 4-mice by MacUser magazine.

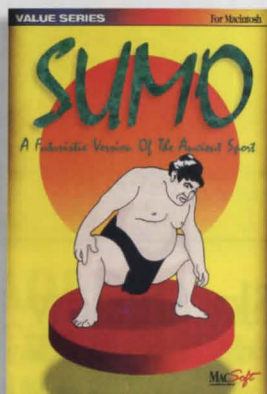

Incredible Value **\$14⁹⁹**

Requires any Macintosh (including PowerPC) running System 6.0.7 or higher. Supports color or b/w monitors.

Sumo

Do you have what it takes to be a champion? Venture into a surreal world in this futuristic version of the ancient sport. Sumo for Macintosh adds a challenging new dimension to the ancient art of Sumo. Winning at the arena on Globulon will require all the tactical skill, ingenuity and finesse you can muster!

Incredible Value **\$14⁹⁹**

Requires any Macintosh (including PowerPC) running System 6.0.7 or higher. Supports color or b/w monitors.

Pararena 2.0

A ball is launched into the stadium's playing field — a parabolic dish somewhere in outer space. The crowd's screams become wild with anticipation and the most exciting sports simulation of the millenium begins.

The idea is to score, period. Scoop up and shoot the ball into your goal. Your opponent will be blocking, attacking, grunting and trying to knock you into deep space. Just let 'em try!!

Challenge yourself with one of six computer opponents. Or, play against a friend over any Appletalk network.

Incredible Value **\$14⁹⁹**

Requires any Macintosh (including PowerPC) running System 6.0.7 or higher. Supports color or b/w monitors.

Video Poker

Feel the thrill of real video poker. The glamour of the casino. The excitement of winning!

Video Poker for Macintosh works in both color and black-and white and is the most realistic video poker game available on a computer. Nothing's been left out! Plus, the game includes many features that will help you improve your video poker skills.

Also included FREE is a primer on how to play better video poker. After reading it, you'll always know when to hold and when to fold. It's the easiest way to improve your ability to win!!

Requires any Macintosh running System 6.0.7 or higher. Supports 256 colors or b/w.

Incredible Value **\$14⁹⁹**

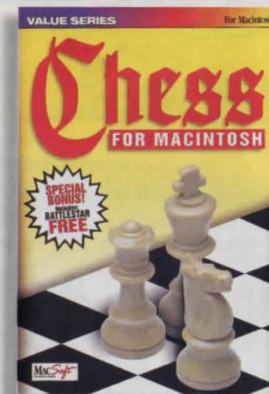

Chess

Challenge yourself with a clever computerized opponent in this full-featured Macintosh version of the classic game. You'll stretch your mind with every game you play because Chess for Macintosh incorporates the newest playing strategies.

Chess for Macintosh is perfect for beginners too. Besides including a complete Chess instruction booklet, the game offers a variety of skill levels to challenge both beginners and chess masters!

Also included FREE is "Battlestar," a computerized version of the classic "seek and destroy" fleet battle games.

Requires any Macintosh running System 6.0.2 or higher. Supports color or b/w monitors.

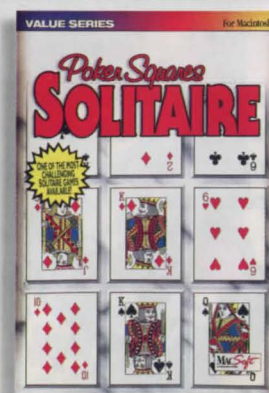

Incredible Value **\$14⁹⁹**

Poker Squares Solitaire

If you like solitaire games, you'll love Poker Squares Solitaire. In fact, Poker Squares Solitaire may be the most challenging solitaire game you've ever played!

The object of the game is to achieve the highest possible score by forming the twelve best possible poker hands on the solitaire board. The hands may be formed horizontally, vertically, or diagonally.

Experience this exciting new solitaire game today!

Incredible Value **\$14⁹⁹**

Requires any Macintosh running System 6.0.7 or higher. Supports 256 colors or b/w.

Match Race

Match Race is a wonderful way for children to develop their concentration skills and practice letter identification.

The goal of the game is to match the letters hidden behind the black squares with the corresponding letters hidden behind the white squares. However, unlike many other educational games, everything kids need to know to use Match Race is offered through spoken instructions. Your kids can play and learn with minimal supervision!

NO SUPERVISION REQUIRED

All instructions are given by voice, so no reading skills or adult supervision is required.

Requires any Macintosh with a color monitor running System 6 or bigger.

Incredible Value **\$14⁹⁹**

Numbers & Counting

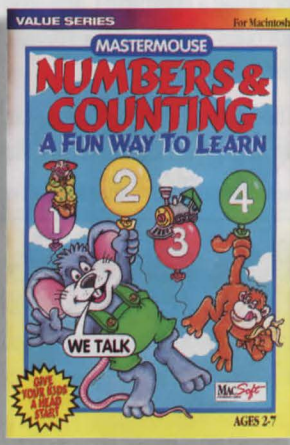

Numbers & Counting includes 7 fun games to help children learn all about numbers. Each of the 7 games included are designed to fascinate children while teaching them critical skills. The delightful animated characters found throughout the games will engage and reward your kids while helping them learn.

Unlike many other educational games, everything kids need to know to use Numbers & Counting is offered through spoken instructions. Your kids can play and learn with minimal supervision!

NO SUPERVISION REQUIRED

All instructions are given by voice, so no reading skills or adult supervision is required.

Requires any Macintosh with a color monitor running System 6 or bigger.

Incredible Value **\$14⁹⁹**

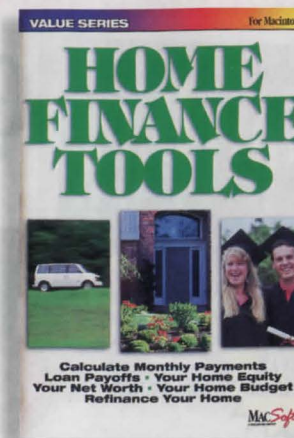

Home Finance Tools

Home Finance Tools goes way beyond expense-tracking programs like Quicken and Managing Your Money to give you complete control over your critical financial decisions.

The **Loan Accelerator** lets you quickly figure monthly loan payments to help you easily determine how much you can afford to spend for a house, boat, car, or other item. Loan Accelerator will even tell you how much it would cost to pay off your loan at any time!

Home Refinancer makes it easy for you decide whether to refinance your home. The **Home Budgeting Tool** helps you quickly establish a complete home budget and develop a financial strategy to meet your long-term goals. And, with the **Net Worth Calculator**, you can ascertain your precise financial condition and have the computer analyze it for you.

Requires any Macintosh running System 6 or bigger.

Incredible Value **\$14⁹⁹**

Color Clips

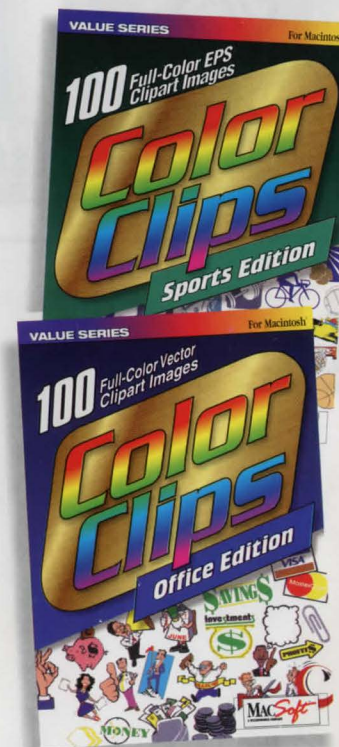

Key Features:

- Full-color Clipart
- Includes 100 EPS files
- Can be imported into most Macintosh applications
- Scalable to any size without jagged edges
- Assortment of the most popular clipart images

Color Clips contains 100 high-quality EPS clipart images that you can use to create attractive documents, powerful business cards, quality presentations, professional newsletters, and to add impact to all of your written materials.

Because Color Clips uses the EPS format, you can use this art with virtually any Macintosh application. And, Color Clips can even be printed in black-and-white with the same visual clarity!

Requires any Macintosh that is equipped with software that imports EPS images.

Incredible Value **\$14⁹⁹** each
