HEAVY DUTY POWER... EVERY MONTH!

Nobody does it better! **Nintendo Power** is the only mag loaded with exclusive power tips for the hottest games--like this one from Super Mario Bros. 3!

Kneel down on the first white background block in World 1-3 for about five seconds. Then, when you fall through the block, run to the end of the stage and collect a Warp Whistle.

You can use the Whistle from any map area in the game and warp to advanced levels. If you collect a second Whistle, you'll have the power to warp to the last world from any point in the game!
