TrueType Fonts give your work a Professional Look!

ImageFonts 3000

Give Your Message Impact with These Premium-Quality Fonts!

NEW, ONE-OF-A-KIND FONTS

Most font packages include only "clones" of the same over-used fonts. But, every ImageFont in this distinctive collection is original and unique. You won't find these gorgeous fonts anywhere else!

3000 USEFUL FONTS

This package contains 500 totally unique type faces — far more than other packages! Plus, unlike other packages that advertise high numbers by including bold, italics, and other font styles you could easily create yourself, ImageFonts 3000 includes extended, condensed, thick, stretched, and super-condensed versions of each typeface. You get 3000 useful fonts to help you make your documents really stand out!

Requires CD-ROM drive and System 7.0 or higher.

Includes Extended and International Characters

Works with Any Printer and Any Application

The Highest-Quality Clipart Available

Clipables Gold II

Includes Color Versions of the 400 Images in Clipables Gold I, Plus 600 Brand-New Color Images

All clipart is not created equal. Compare the quality of these outstanding images with any other electronic art. MacUser did. They said Clipables are "excellent, wonderful, usable graphics." PC Magazine said Clipables images were "the highest quality."

Use Clipables to add visual impact to virtually any document you create. Because this CD includes all images in both PICT and EPS formats, you can use Clipables with virtually any application and print them on virtually any printer.

Other Categories: Animals, Business, Display Banners, Do's and Don'ts, Environment, Flags, Maps, Music Symbols, Sports, Transportation, and more!

Requires any Macintosh running System 7.0 or higher with a CD-ROM drive. Requires an application that accepts either EPS or PICT graphics.

SUGG. RETAIL ~~\$29.99~~
YOUR PRICE **\$24.99**

Clipables Gold

Add visual impact to your documents with this package of 400 of the highest-quality EPS clipart images available.

Clipables uses the EPS format. This means that every Clipables image will print at your printer's best-possible quality. You can even enlarge, reduce, or stretch these images.

Categories Included: Animals, Business, Display Banners, Do's and Don'ts, Environment, Figures, Flags, Holidays, Humor, Music, Sports, Symbols/Objects, and Transportation.

Requires any software application that accepts EPS images.

Diamonds 3D

Few Mac games were ever more popular than the original Diamonds (MacWorld's 1993 Arcade Game of the Year). Now you can play its incredible sequel!

Diamonds 3D is like a three-dimensional breakout. But the ball doesn't bounce up and down, it comes right at you!

Plus, just like Diamonds, there are paint bricks, lock bricks and magic bricks. Bricks that change the ball's speed (that really messes you up). Bricks that give you bonus points. Bricks that give you all sorts of surprises. And more!

It's a Diamonds-like Breakout™ in three dimensions. A totally new experience!

SUGG. RETAIL YOUR PRICE
~~\$29.99~~ **\$24.99**

ITEM NO: 41052

YOUR PRICE

\$14.99

Wild West Poker

Pull up a chair, if you've got the guts! This wild game of 5-card draw is a tough one. Your challenger is a guy named MacGraw. While he's not a nice fellow, he will let you call some of the rules: Must Have Jacks or Better, Must Hold Two, you deal, he deals — whatever. Shoot, you can even check the rules on-line when you have the need.

But watch out! MacGraw knows a trick or two. Some even say he keeps an ace up his sleeve. C'mon. You can do it. Play some poker with MacGraw!

Requires any color Macintosh with at least 4MB of memory and support for full-screen 256 colors. Requires System 7.0 or bigger.

ITEM NO: 51055

YOUR PRICE

\$14.99

Chess II

Perfect for beginners and experts, Chess II is one of the most challenging computerized chess games available! Experts can play at "Competitive" or "Tournament" levels, while beginners can play at "Casual" levels. Plus, a complete instruction booklet is included to teach beginners how to play chess.

Chess II gives the computer many playing strategies not found in MacSoft's original chess game. And, you can even save games and continue at a later date.

FREE BONUS Included free on the Chess II disk is the strategy game "Ricochet."

Requires any Macintosh with at least 4MB of RAM and support for 256 colors. System 7.0 or higher and a CD-ROM drive are required.

ITEM NO: 51056

YOUR PRICE

\$14.99

Checkers Deluxe

It's easy to understand why checkers has been one of the world's most enduring strategy games. But, Checkers Deluxe is much more than just checkers. It's a whole new way to play the game.

Block your opponent's moves with carefully placed bombs. Transport your pieces into strategic locations. Resurrect pieces back to life. Cast magic spells, and more!

Checkers Deluxe is based on checkers, so it's easy to get going. And, you can play against the computer or challenge a friend!

Requires any Macintosh with a CD-ROM drive running System 6.0.7 or higher and at least 4MB of RAM.

Fonts 100

Create outstanding documents with this package of 100 quality fonts. Each TrueType font in this package is scalable to any size without jagged edges and is fully compatible with all Macintosh printers.

Each unique font in this package includes all the extended characters you need, including smart quotes, legal marks, currency symbols, international characters and more! Plus, installing these fonts is a one-step process. Just drag the fonts you'd like to your System Folder and they will automatically appear in every application's Font menu. That's it!

Requires any Macintosh running System 7.0 or higher. CD-ROM drive required.
