## ENTERTAINMENT IN BASIC LANGUAGE

### Space Battle 2056

In this exciting space game you command an Earth force and defend a helpless fleet of ships and fuel station against an alien force bent on your destruction. It places you against aliens controlled by the computer. Random factors make each game a different contest. Your cunning as a commander and a little luck decide the outcome! Ages 12 to Adult. Basic Language. Cassette \$14.95, Disk \$15.95.

Users-Group rating ★★★

### Land on Mars

*Land on Mars* is a challenging game in which you try to pilot the Martian lander to a safe landing on Mars. As pilot you must watch your instruments, watch where you are going, determine direction for firing the engines, and choose how much power the engines should use. After landing, you blast back into space and try to dock with the orbiter. Hundreds of landscapes and the option of weak or strong gravity provide a continually changing challenge. A hungry Martian dragon is available for those who think they have the game mastered. Ages 12 to Adult. Basic Language. Cassette \$12.95, Disk \$14.95.

### Laser Shield

*Laser Shield* is a game where you try to save 4 cities and protect your laser base from incoming missiles. It takes quick reflexes and presence of mind to destroy the missile with your laser. There are three waves of missiles, each one harder to destroy than the previous one. This is an Arcade style game, with two skill levels. Ages 12 to Adult. Basic Language. Cassette \$14.95, Disk \$16.95.

"... one that we are sure you would like to add to your collection ..."

## Bomb Squad

Users-Group rating \*\*\*\*

Time is ticking away. Only 16 seconds left. To stop the clock the timer circuit must be cut. But which one is it? One more test and you should know. The question is, can you figure it out in time?

For high intensity excitement this is the best game we've seen. As the time relentlessly ticks away you must make tests on the bombs circuits and use logic to deduce which wires to cut. Over 20 levels of difficulty make this game a challenge for the beginner or the expert. Ages 12 to Adult. Extended Basic Language. Cassette \$14.95, Disk \$16.95

"... a pair of unique, thoroughly engrossing games

*American Software Design & Distribution Co. (Cottage Grove, MN) has taken the basic raw elements of logical deduction, limited time, memory, and visual perception, then added a few measures of excitement and confusion, mixed it all together with some interesting graphics, and has come up with Bomb Squad and 3-D Maze."*

# HOME MANAGEMENT

## Auto Maintenance

This program keeps a maintenance record on every car you own. That's just the beginning. There are over 20 preset maintenance categories that you can change, or add to, for a total of 50 maintenance categories available. You personalize a separate disk for each auto by setting up maintenance categories including each auto's own maintenance frequency schedule in miles and months. Once your set up is complete you simply input the current mileage and the date, and the computer will tell you which maintenance items are "overdue", "due shortly", or "o.k.". Cost information is also available in several forms from the maintenance record to help your planning. This program is invaluable as a management tool for your auto investment.

Disk Drive and Controller, memory expansion required. Extended Basic Language. Only \$19.95

## Home Inventory

This program is designed to keep track of your valuables. Each item can be assigned a name, code, room or category, date purchased, original cost and estimated life. You can add and delete items as well as edit existing information. The computer will calculate the depreciated value of your items. Each inventory file can contain as many as 600 items. This program can be a valuable asset.

Disk Drive and Controller, Extended Basic Language. Disk only \$16.95

# EDUCATIONAL

## Introducing The First LOGO MICRO-SCENES

### Logo Micro- Scenes

Children can create colorful, dynamic scenes with these activities. Children learn colors, letters of the alphabet, and the recognition and spelling of nouns, verbs, adjectives, and adverbs. Artificial rewards and scoring for right or wrong answers are avoided. A child's natural desire to learn reading and writing is fostered as they discover their ability to be creative and solve problems. Documentation includes picture and word cue cards, instructions for changing and adding words, and suggestions for use with various age and skill levels both at home and in the classroom. Ages 3-8. Logo language.

#### 1. Beach Micro-scene

A highway running along a waterfront is the setting of this action-packed activity.

Logo I Cassette \$19.95, Disk \$21.95

Logo II Cassette \$24.95, Disk \$26.95

### Mr. Frog

Users-Group rating \*\*\*\*

This program consists of three educational games for the youngest members of the family. Letter Hop is a letter recognition game in which the child presses the "space bar" until the frog hops to the rock containing the correct letter. Rock Hop is a counting game in which the child must determine how many hops to a rock scattered among some lily pads. In Frog Race you race against a friend or the computer. Great graphics and music. Ages 3-7. Extended Basic Language. Cassette \$14.95, Disk \$16.95.

*"... We are glad to see programs written for this age group and it is important that the quality of the program not be sacrificed because of the age of the user. Mr. Frog is a quality program that provides the stimulation to learn..."*

reviewed in International Home Computer  
Association - April 1982, No. 3

### The Musician and Player

THE MUSICIAN enables you to enter three part music using simple notation. Songs can be played, saved, and recalled from either disk or cassette. This program allows you to design your own music or use your old favorites. The computer played music is great fun. A separate program, THE PLAYER can be used to play music that has been previously saved. Ages 12 to Adult. Basic Language. Both programs, for \$19.95 Cassette, \$21.95 Disk.

### Spelling Teacher

Spelling teacher is designed for students to enter their weekly spelling list from school. After you enter the words you want to study, the spelling teacher will flash the words back for you to spell. Flashing the word back for a fraction of a second actually reinforces correct spelling. The computer remembers the misspelled words and goes over them with you to help you learn them. A speech option is included for those with the speech synthesizer and terminal emulator II. Basic Language \$19.95 Cassette, \$21.95 Disk.

### Barnyard Fun

*Barnyard Fun* is a fast moving game for children. It challenges the memory using familiar farm animals hiding behind barns. It is an easy game to play and a difficult game to master.

This game will provide hours of fun for your children. It is always a challenge. Can you do it in twelve tries? Can you remember which animal is behind which barn? You and your child will find yourselves trying to outsmart each other. This is a rare game, one that both adults and children can play and enjoy together. Ages 4-8. Basic Language. Cassette \$14.95, Disk \$16.95.
