INSTRUCTIONS

Insert cassette tape into your cassette recorder. Ensure that your recorder is connected to the computer via your 3-plug lead. Turn the tone control on your cassette recorder to full treble.

Type OLD CS1 and press enter, then follow the instructions given on your television screen. Once loading is completed, type RUN and press enter.

If difficulty is experienced in loading, then different volume settings on your cassette recorder should be tried. Further hints on loading will be found on pages 1-9 of your TI Users Reference Guide.
