# CYBERIA™

Experience the future.

The most realistic cinematic experience ever developed for computer.

Action and adventure above and beyond any other ever created.

ACTION/ADVENTURE ▲ AGES 12 AND UP

1 ▲ 800 ▲ 428 ▲ 8200

It's 2027. Mankind is on the brink of destruction. And the ultimate doomsday device – codenamed *Cyberia™* – has just been rediscovered. Designed by the most brilliant minds in nano and cybernetic technology, *Cyberia* was originally to be the protector of a new order. But now, it stands as the instrument of humanity's destruction.

The most realistic cinematic experience ever created, *Cyberia* is an interactive movie under your control, in a sophisticated and engaging adventure filled with multiple story lines and plots.

*Cyberia's* stunning sound effects, musical score and state-of-the-art graphics will make you feel like you're actually fighting for your life.
